

Parent Notifications

As required by the Every Student Succeeds Act (ESSA) the following information is to be shared annually with parents:

Right to Know Information

All parents of a student in our school have the right to request information about the professional qualifications of the teachers or teaching assistants who serve their child. This information may be requested at the front office.

Non-State Certified Teacher Notification

ESSA requires us to notify parents when a teacher, who does not meet State certification or licensure requirements at the grade level and subject area in which they are assigned, teaches your child for four consecutive weeks. It is Brevard Public Schools' policy to only employ state certified teachers. However, we will send home a letter providing you with specific details about the situation if this ever occurs.

Title I Complaint Procedure

If any LEA or School Plans (e.g. Title I LEA Plan, Title I LEA PFEP, Title I School PFEP or SIP) are not satisfactory to the parents of participating children, the school district will submit any parent comments with the Title I, Part A plan when the school district submits the plan to the State Department of Education. Parents must be informed of their rights to submit comments. Comments received at Title I schools **MUST** be forwarded to the Office of Title I and those comments will be included with submission of the LEA Title I Plan, as required.

What is Title I?

Title I provides support through resources and research-based training, enabling schools to develop high quality, enriched programs that meet the individual needs of all children, families, and staff.

Title I is a federally funded program designed to improve achievement at schools with a high percentage of students eligible for free and reduced priced lunches. Every student enrolled in our school is eligible for Title I services. Programs are designed to serve children who need extra help in meeting state standards.

Our school has coordinated the Title I plan with our Schoolwide Improvement Plan (SWIP). Parents who are elected to serve on the School Advisory Committee (SAC) participate in the development and review of all school plans. Copies of plans are available upon request from the front office or at the school website.

At Fairglen Elementary School our Title I program provides classroom teacher support during core instruction, and interventions for some our tier 2 and tier 3 students. We provide various events throughout the school year to support family engagement and support families by providing training to promote academic success for all students.

2020-2021

Parental and Family Engagement Plan Summary

This document may be accessed in its entirety by request from the front office or at the school website at:

www.brevardschools.org/FairglenES

Mission Statement: We will do whatever it takes to ensure success for all of our students.

Involving Parents

Fairglen values the input of our families. We actively seek input for improving our school. Family feedback was considered when establishing the Comprehensive Needs Assessment as well as the School wide Improvement Plan. We collected data from family engagement events as well as surveys sent to all families and community members. We use feedback from SAC and data collected from families to improve our School-Home Compact and Framework.

Title I Annual Meeting

Our Title I Annual Meeting will be held on October 7, 2020. The meeting will be offered using a digital platform and recorded. The recorded video will be placed on our school website for all stakeholders to view at their convenience. Ms. Murphy will discuss our success and areas we are continuing to work on from the previous year. Ms. Murphy will also take time to seek feedback from stakeholders in attendance.

Supporting Partnerships

Fairglen's partnership with families is extremely valuable to us. We have several family engagement events planned and a few more that are developing. We will conduct Science Night when every 4th – 6th grade student that attends Science Night will receive a free science board. Bed Time Story Night will be a time that families can watch teachers model quality questioning and reinforce the importance of reading each night. Social Emotional night is designed to help families support their students through avenues other than academics. One School One Book will bring our whole school together as we read the same book over the course of several weeks. We will end the school year with a Virtual Gallery Walk of all of our students' amazing work they have created in art.

Coordinating Programs

Fairglen has a strong Head Start program with two VPK classrooms. We work with Title II to provide quality professional development to select teachers who bring the information back to the school to share with the all teachers. We work with Title III to support students and families of English language learners. Title IV helps support our growing technology. Finally, Title IX funds are utilized to support our students and families in transition.

Full Participation

Fairglen works hard to provide support to all of our families. We provide families with translated materials upon request. We make modifications to our events for families with disabilities upon request. We offer one-to-one meeting and provide electronic materials for families who are unable to attend events.

Training School Staff

Fairglen constantly trains school staff on best practices for helping students and families. There are several opportunities for teachers to increase their knowledge for supporting students with social emotional gaps. Teachers are also given support and training on communication with parents and families.
