*SAT MATH -Students required to pass FCAT Mathematics for graduation may submit a SAT score of 340 or higher, regardless of their year of enrollment in Grade 9, if the score is dated March 2005 and beyond.	
Class of 2003 —Students who were originally scheduled to graduate in 2003 may satisfy their graduation requirements by earning a score of 339 on the Grade 10 FSA ELA Assessment. This is equivalent to a score of 236 on Grade 10 FCAT 2.0 Reading Assessment.	
High School Competency Test (HSCT) Requirement —The HSCT State Board Rule (6A-1.09421, F.A.C.) was repealed in fall 2015. Students who were scheduled to graduate in 2002 or earlier and have not passed the HSCT as part of their graduation requirements will need to enroll in an adult education program to earn a standard high school diploma. In accordance with Rule 6A-6.020, F.A.C., those who enter adult high school after their ninth-grade cohort has graduated or who are not part of a ninth-grade cohort must meet the current grade 12 cohort's graduation requirements that are in effect the year they enter adult high school.	
6A-6.020 Granting High School Credits and Diplomas to Adults Graduation requirements. To determine graduation requirements, including course requirements, GPA and state assessments, for students who are not enrolled in the K-12 educational system and enroll in adult high school, the following shall apply: (a) Students entering adult high school and whose Grade 9 cohort has not graduated must meet the graduation requirements based on the year that the student entered the ninth grade, and, (b) Students entering adult high school after their ninth-grade cohort has graduated or who are not part of a ninth grade cohort must meet the current twelfth grade cohort graduation requirements that are in effect for the year they <u>first</u> enter adult high school. Note: Students who earned a Certificate of Completion through the K-12 high school program would follow their original Grade 9 cohort assessment requirements.
