

AMERICAN COLLEGE of EDUCATION

Your dollar goes further.

Here's the scoop: Tuition at the American College of Education is 50-70%* less than other online colleges. What's our secret? We actually don't have one, we just choose to not participate in Title IV federal student loan funding programs, and our online format lowers our overall operating cost. And the best part – we get to pass those savings straight to our students.

We're committed to keeping tuition affordable, and to us, affordability isn't just a buzzword – it's a guiding principle.

Let's talk about cost. Transparent, with no hidden fees.
