

Hello Cocoa Beach Families,

Here is your update for May 5th.

Testing Saga Continues

We are finishing a crazy and hectic week with state, national, and international tests. This has definitely disrupted our normal routine! For the most part our students have handled this well. The intensity will actually decrease for the next few weeks as the number of students involved in each test decreases. We will still have testing of some kind every day through May but we won't be shutting down half of the campus to administer tests, as we have had to do this week.

Registration Paperwork

With all of our disruptions and disjointed schedules this week we have not been able to distribute nor collect many Registration Packets. We still must ask for paper registration packets from each family for every student – even returning students. So we ask that you look for that registration packet and complete it and send it in with your student.

Summer Enrichment Programs

The School district has put together several free summer enrichment experiences for students. These are week-long camps or mini-classes. Students will not earn any academic credit. However, plenty of the offerings look interesting and exciting. And they are free. For more information check out: <https://tinyurl.com/3mu3fp5s>

Counselor Connect

We did not hold our scheduled Counselor Connect session last week. We have rescheduled it for Tuesday, May 17th. We will begin at 6:00 pm and we will be in the Media Center. The focus will be on what things current Junior's and Sophomore's can do over the summer and early next school year to prepare for the college applications process.

Thank you for choosing Cocoa Beach Jr/Sr High School. As always, please contact me if you have any questions.
