

Here is your update for February 25, 2021

### **SAT Test March 3**

On Wednesday, March 3, we will administer the SAT to all of our Juniors. There is no cost to the students as fee is covered by the school district. This is a great opportunity for Juniors to see where they are at. We will get the results in a few weeks, and these scores can be used for college applications. **Please make sure that all Juniors are in attendance** – on campus - on March 3 (next Wednesday). We will follow health and safety guidelines when administering the test and we do have a separate location for the eLearners.

### **Parent Survey**

We want to hear from you! Each year the school district seeks input from parents and other stakeholders through surveys. The parent input survey is now open. It is an online survey and only takes a few minutes (24 questions). We really do look at the results of the survey and respond to your input. **Please complete either the middle school or high school survey** based on your child's grade level. Click on this link to take the survey:

<https://www.brevardschools.org/Page/17966>

### **Senior Class Survey(s)**

Our Seniors have two surveys to complete. In Homeroom tomorrow (Feb 26) they will take a national survey conducted by the University of Michigan. This survey is online and will take all of Homeroom. They will get the link from their Homeroom teacher tomorrow. We need as many Seniors to take this survey as possible. There is also a quick survey that we put together about an activity to replace Prom. They can also get that link from their Homeroom teacher. **Seniors, please make sure you take the UM national survey in Homeroom Friday.**

### **Planning for Next Year**

For those students not graduating, it is already time to start thinking about next year. Mr. Rhyne and the counselors put together a video about the course selection process for next year. We played it in Homeroom last week. **The video is also on the school website** under the student Services tab – along with a lot of other information. Here is a direct link to that page:
