*Informational Baseline School Grade

Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Brevard County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE’s school improvement planning web application located at https://www.floridacims.org.
Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

• Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
• Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
• Select high-priority barriers they want to address initially (Step 3)
• Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
• Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

• Appendix 1 is a timeline of all action steps and monitoring activities
• Appendix 2 is an outline of all professional development opportunities and technical assistance items
• Appendix 3 is a report of the budget needed to implement the strategies
Florida's Differentiated Accountability (DA) system, established in section 1008.33, Florida Statutes, is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

**DA Regions**

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

**DA Categories**

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by Rule 6A-1.099811, Florida Administrative Code:

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

**DA Turnaround Status**

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- **Implementing** - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

2. School Environment

   a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

      Endeavour Elementary Community School strives to build excellent family relationships through parental involvement activities. Our ESOL population is one of the largest in the county. All of our evening events have a translator available. We strive to make as many home and school connections as possible to bring families into the school. We also host a special Black History Night program in February as well as a Multicultural Fair in May.

   b. Describe how the school creates an environment where students feel safe and respected before, during and after school

   d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

      Students are assigned mentors at the beginning of the school year. These mentors check on students weekly to monitor the well being academically as well as socially. When students are found to have social or emotional problems, the school guidance counselors will meet with them on a more regular basis and provide any services that the students may need. With the addition of the Community School, Health Services- medical (Pediatrics as well as Dental) and social-emotional needs of our school are being met by our Commmunity School liasons and school Social Worker. This school year Endeavour is also implementing Zones of Regulation to address the social emotional well being of our students.

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

PBIS Attendance program- works with student to be proactive regarding attendance and tardy issues. Students are rewarded for zero tardies and no absences each quarter.

PBIS- Our mentors work with students who are constantly receiving behavior referrals so that they do not become repeat offenders. Rewards are offered quarterly for students who make good choices. Also, students who need more assistance will work with their mentors on a daily basis to earn rewards for daily good behavior.

Intervention Groups- Students are selected based on data to be placed in intervention groups based on their reading/math needs. These students are monitored monthly in our MTSS meetings. If these students also fall into our lowest 25% groups they also receive a school mentor who will work with them weekly and discuss how the student is doing academically and behaviorally. Mentors for the lowest 25% include all teachers who do not have a home room, select Instructional Assistants, Administrators and Community School staff.

ASP- Students are offered before school tutoring every day of the week. We also offer several Saturdays in the Spring for students to come in and work on standards in English Language Arts and Mathematics.

College for Kids- A program for our 5th and 6th graders to get them ready for college.

ESOL Tutoring- Students who are in the ESOL program have the opportunity for tutoring every
afternoon. An ESOL Reading camp is available during the summer to address needs.

The Community School's After School program - run by our Community School After School Coordinator and a cadre of community volunteers with an emphasis on tutoring, homework assistance and extra curricular activities such as sewing.

   The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(2).

   a. Evaluation of last year's school improvement plan
At the end of the 2016/17 school year the SAC committee again reviewed the SIP. Through discussion of various school wide projects we confirmed that the school is working toward meeting the SIP goals. Suggestions were also discussed in regards to creating and new plan for the 2017/18 school year.

b. Development of this school improvement plan

The SAC committee met monthly during the 2016/17 school year to initiate solutions to school wide issues, improve awareness of school wide goals, and assist in funding projects to improve student/staff success. At the end of the 2016/17 school year the team supplied suggestions for continued improvement of the school during the 2017/18 school year. Those suggestions and ideas were discussed to enhance our effectiveness on our new plan. The team agrees that focusing on standards based curriculum, small group instruction and intervention are of utmost importance. We have been pleased with the decreases in behavior difficulties and severity of incidence across the campus. The team still feels there is always need for growth and improvement and believes this should remain a focus for the next year. The team further discussed FSA testing and how that would affect our schools ability to show growth.

c. Preparation of the school's annual budget and plan

The school budget was presented to and discussed with the SAC. The committee agrees that new SAC funds will be spent, as requested throughout the school year, after approval through committee vote. Our highest priority will remain curriculum, followed by safety, and then training.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Our SAC funds went to the following last year:
$119.00 for preK to buy Mini Time Timers, these visually shows PreK the passage of time and to understand how much time is left to perform or complete an activity.
$256.13 for 2nd grade to buy Rekenreks for each classroom, to support Eureka math.
$668.85 to ESOL for ESOL dictionaries, to achieve higher reading and writing scores for our ESOL population.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements

All teachers will become experts in standards based instruction. Teachers will be able to use differentiated instruction to meet the needs of all their students through continued PD's, modeling, and constructive feedback.

Some activities that the LLT promotes are:
Modeling Best Practices by Academic Coaches
Grade Level Meetings each month for ELA
Collect, analyze, and track school wide ELA data
Assist classroom teachers with intervention strategies
Leveled Literacy Intervention instruction (LLI)
Read Alouds by guest/volunteer readers
African American Read IN
Use of i-Ready Standards Mastery Assessments
Literacy Night with book giveaway
Literacy Week

D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(7)(A)(iii)(IV).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Endeavour provides teachers with common planning time daily as well as weekly planning times to meet with ESE, ESOL, IPST/MTSS and instructional coaches. Three times a month teachers will have additional planning instead of attending faculty meetings. Vertical and collaborative planning is taking place during these times. Evidence is shown on their weekly lesson plans. Quarterly, teachers are given the opportunity to shadow their mentor teachers and also have the mentor teacher observe them to provide feedback.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

1. Endeavour will partner new teachers with veteran teachers to complete mentoring activities, and complete observations of each other with meaningful feedback. Person Responsible: Rosanna Cope, Assistant Principal
2. Promote the use of University of Central Florida's junior and senior interns during the school year and work closely with their college advisor. Person Responsible: Rosanna Cope, Assistant Principal
3. Provide quality professional development during the school year. Person Responsible: All Administrators and Coaches

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

New teachers that are in the Brevard Public Schools Induction Program, are paired with veteran teachers at the school that either teach the same grade level or work with the same level (primary, intermediate, ESOL, ESE, etc.) of student.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies
a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida’s standards

Endeavour uses all of the Brevard Public School Core Curriculum. Instructional Coaches will support teachers with aligning lessons from this material to the depth and rigor of the Florida Standards.

For the ELA block, Endeavour is using Focus Documents provided by Brevard Public Schools. Instructional programs used to adhere to the focus documents are state vetted Ready Curriculum, district vetted Elfas curriculum, and state adopted Journeys curriculum. Social Studies Weekly curriculum will also be infused with the ELA block.

Endeavour is part of a ten school pilot for the Eureka Curriculum for math. This is being used in grades K - 5. 6th grade will continue to use the state adopted Big Ideas curriculum for math.

National Geographic curriculum will still be used for science as it is the district adopted curriculum.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Endeavour is a data driven school. We have weekly data meetings to assist teachers in identifying where differentiation and intervention is needed. Instructional Coaches provide teachers with training on how to use data to drive their instruction. If additional intervention is needed, coaches will provide teachers with supplemental materials and training on how to use these materials with their students. Teachers have also been trained on the use of Cpalms to create ambitious lessons aligned to the standards.

ELA intervention is a focus this school year. Based on achievement data, targeted students will receive intervention instruction in Leveled Literacy Intervention (LLI) in grades 1 - 6. All students in grades K & 1 will receive phonics instruction using district approved Multi-Sensory Phonics.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:
**Strategy: Extended School Day**

**Minutes added to school year:** 10,800

Endeavour has two intervention blocks each day, math and reading. The extra 60 minutes a day is used for intervention time. An interventionist will be assigned to teach Level Literacy Intervention (LLI) in grades 1-6.

**Strategy Rationale**

Using this additional time for intervention, teachers can pull small groups of students who need intense intervention.

**Strategy Purpose(s)**

- Core Academic Instruction

**Person(s) responsible for monitoring implementation of the strategy**

Meraz, Christy, meraz.christy@brevardschools.org

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

By monitoring quarterly assessments, iReady data as well as LLI, the LLT will be able to look for effectiveness of the intervention blocks. Data meetings will drive what is being taught in small groups, and what students will be pulled.

2. **Student Transition and Readiness**

   **a. PreK-12 Transition**

   The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(7)(A)(iii)(V).

   **1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another**

   Endeavour Elementary School assesses all students prior to entering kindergarten. English Language Learners are assessed with the WIDA and all students are assessed with the Florida Kindergarten Readiness Screener (FLKRS). These are administered to assess the readiness of each child for kindergarten.

   Each May, Endeavour hosts a Kindergarten round up with our Headstart families. Information is given to parents on how to get them ready for kindergarten.

   Guidance Counselors from area middle schools visit to speak with and assess our 6th graders in math. This assessment helps in the selection of math classes for 7th grade. Endeavour also communicates to parents when the middle schools will have parent nights for incoming students as well.

   **b. College and Career Readiness**

   **1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations**

   Because of a partnership with Eastern Florida State College (EFSC), all of Endeavour's 6th graders will participate in a college field trip. They will spend the day on the EFSC campus and learn about options they will have in the future. Endeavour also has an after school group called "College for
Kids”. In this group students learn about careers and options that they can look forward to. They hear speakers and go on field trips to open their eyes to the possibilities of a college education.

2. **Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs**

3. **Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement**

4. **Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the High School Feedback Report, as required by section 1008.37(4), Florida Statutes**

---
