

**Attention Middle &
High School Musicians!**

Join MusicMDs

Currently limited openings for 8th, 9th, & 10th grade musicians to perform virtually to help promote healing and recovery for hospitalized patients.

About MusicMDs

MusicMDs is a national award-winning music therapy-inspired outreach volunteer organization of skilled youth musicians. MusicMDs members use their talent to deliver virtual (during Covid) or Live (pre- & post-Covid) musical performances providing therapeutic benefits for hospitalized patients.

About Our Volunteers

MusicMDs seeks accomplished youth musicians with a passion for community service. Volunteers must be at least 14 years of age and play a hospital friendly instrument (eg smaller string & wind instruments, singers, guitars, piano etc.. Instruments that sound melodic played solo or in duets are best suited for MusicMDs).

“As you played music, I felt like every note was going right into my heart to heal it.”

—Patient
