

Adding Single Sign-on (SSO) Textbooks Apps to Launchpad (MOST* SSO Apps start with BPS)

Click the plus sign in the top left corner of your Launchpad screen

Search for BPS

- All Single Sign-on textbooks will start with BPS

Special Note About Discovery Education:

ALL users already have the new **BPS Discovery Streaming app** on their Launchpad page.

Select the textbook App that you want and click the "Add" button

A message that tells you that your App has been added successfully will briefly appear in the upper right hand corner.

Close out the App Library and return to your main Launchpad screen

Your App should now be on your Launchpad landing page

Add the Apps that you want

That is it! Just click on the app and get started using your online product!
*ThinkCentral Apps begin with the school name instead of BPS.

Still having trouble getting to Launchpad and/or adding apps? Check out our video at
