 - 6th Grade – Blue

Survey for Parents of Students with Disabilities

The FDOE and the Bureau of Exceptional Education (BEE) conduct a yearly survey to measure Indicator 8 of the State Performance Plan, and the results are reported in the state and district LEA Profile. The ESE Parent Survey provides families with PreK– 12th grade students an opportunity to provide feedback to the district regarding schools' facilitation of parent involvement as a means of improving services and results for students with disabilities.

The window this year has been extended to June 30, 2022. Parents have the option to respond either electronically or via paper. Parents with more than one child with an IEP should complete the survey for each child.

Paper forms were sent home with students last week. The forms were generated based on enrollment as of October 15, 2021. If your student has an IEP and did not bring home a form please complete the electronic survey.

Please access the survey using this web address: <https://www.esesurvey.com>

You will be asked to select your child's school district, school name, and enter your child's grade and date of birth. All information given by the parent on the survey will be kept confidential and will not be linked to student or parent individually identifiable data.

Your participation in the survey is critical to provide much needed information. We thank you in advance for completing the survey.

Summer is Coming!

Parents please remind your students to check the lost and found for any missing items. We have many unclaimed items waiting to be reunited with their owner.

All library books must be returned to the library by **Friday, May 20, 2022.**
