Cut and paste these onto the correct side of the brain: Fixed Mindset OR Growth Mindset

I accept this challenge!
I made a mistake.
I can't do this
How can I make this better?
Mistakes help me learn better.
This is too hard!
This is impossible.
It is good enough.
I give up!
I can train my brain!
It is going to take some time & effort.
What am I missing?
I'm not good at this!
I'll try some strategies I've learned.
I'm done
Is this my best work?
