Introduction

Welcome to Brevard Public Schools. This handbook has been prepared to provide elementary and secondary students and their parents with some of the rules and guidelines concerning Brevard County Schools. The Code of Student Conduct covers school attendance, responsibilities and rights, as well as rules of conduct for students, and is applicable to every student under the jurisdiction of the school district. For example, the Code of Student Conduct applies to students while on school grounds, while being transported to or from school at public expense, during school-sponsored events, such as field trips, athletic functions, and similar activities.

It is the responsibility of the school principal, faculty, and staff to help students and parents understand and follow the rules of conduct. Parents are urged to read and discuss this handbook with their children in order to help them adjust more successfully at school.

Parents are encouraged to keep in close contact with their child’s school. Also, your school may have additional guidelines which are specific to the local school activities and facilities. The active support and involvement of parents is needed continuously as we provide a safe and friendly place for children to learn.

Handbook Disclaimer

The Code of Student Conduct contains School Board policies and other documents pertaining to the rules and regulations of Brevard Public Schools. The District reserves the right to revise any of these documents during the course of the school year. For the current version of any of these documents, please check the District website at: [http://www.edline.net/pages/Brevard_County_Schools/Departments/Departments__K-Z/Student_Services](http://www.edline.net/pages/Brevard_County_Schools/Departments/Departments__K-Z/Student_Services)

Change of Address and/or Telephone

It is most important that parents notify the school immediately of any change in address or telephone number. Unlisted numbers will be held in confidence when requested.

Child Custody

The primary purpose of the school district is to educate children. As such, school personnel are not arbiters of custody disputes; schools will comply with custody orders to the extent possible, but will not and cannot enforce said orders. Pursuant to the Eighteenth Judicial Circuit’s Administrative Order 15-10-B, a parent who is party to a pending Domestic Relations action shall include the other parent’s name on the school contact list when registering or enrolling a child in school unless that parent has a specific court order relieving the parent of this obligation. The parent shall include the other parent’s name and contact information, along with any other necessary information required by the school. Should a parent fail to comply with this requirement, the other parent may supplement the contact list with the child’s school to indicate the names of both legal parents as contact persons. A copy of this Administrative Order is available in the school’s front office. Please be advised that complete custody documents must be presented to the
school at the time of enrollment and at any time court action has been taken that modifies the custody document. Incomplete or partial documents will not be accepted.

**Coming to School**

You must attend school each day and be on time. When you are sick or have a family emergency, you may remain at home. When you return to school, be sure to have a note from your parent or guardian, explaining why you were absent.

**Release of Students**

Students are released to the parent/guardian of record only. A parent/guardian must give advance written notice to the school when requesting a child be released to other designated persons. School personnel may require persons who are requesting to pick up children from school to show proper identification.

**Visitors at School**

Parents, visitors, and volunteers may visit the school office at any time. It is necessary for you to identify yourself to the school principal or his/her designee and/or scan your state-issued identification through the district-chose computer program prior to contacting a child or entering school grounds. This is done for the protection of the children, the parents, and the school district. Children who are not enrolled in the school are not permitted to come to school with other students.

**Emergency Response**

When emergency conditions exist, such as an impending tornado or hurricane, which may result in schools and/or the district being closed, there are two (2) levels of response that each Brevard County School Board employee needs to know and understand.

**Level I: Schools Closed**

When an announcement is made that **SCHOOLS ARE CLOSED**, all school-based employees who work the standard school year - teachers, teacher assistants, cafeteria workers, bus drivers, etc. **do not** report to work. School-based and district level administrative personnel, office staffs, custodians and cafeteria managers will report to work as usual.

**Level II: District Closed**

When this condition exists, only employees who are assigned or designated as emergency responders are required to report to work or be on standby.

**Student Responsibilities and Rights**

- Students have the responsibility to know and obey rules and laws which govern their conduct while at school or on school property and to expect consequences for any inappropriate behavior;
- Schools must provide opportunities for learning. Students have the responsibility to learn and use the educational experiences provided for them;
• Students have the responsibility to respect the rights of other persons who may have different points of view on some issues;
• Students have an obligation to attend school and avail themselves of a free and appropriate public education;
• Students have the responsibility to inform the school (main office) when they plan to withdraw or transfer from school as soon as possible prior to the last day of attendance.
• Students have a responsibility to respect other persons and the property of others in the school setting and at school activities;
• Students have the responsibility to conduct themselves so that disciplinary action will not be necessary;
• Students have the responsibility to take care of the property (e.g., textbooks, equipment, materials) provided to them by the school system; and
• Students have the responsibility to show respect during the pledge of allegiance to the flag, per Section 1003.44(1), Florida Statutes. Upon written request submitted by his or her parent, a student must be excused from reciting the pledge of allegiance, including standing and placing the right hand over his or her heart. When the pledge is recited, unexcused students must show full respect to the flag by standing at attention, removing any headdress, except when such headdress is worn for religious purposes.

Students are Under the Control of the School

All students are under the control and direction of the school principal or designee and the immediate control and direction of the teacher or another member of the instructional staff or bus driver to whom such responsibility may be assigned by the Principal:

• While being transported to or from school at public expense;
• While attending school;
• While engaged in a school-sponsored activity on the school premises or away from school premises;
• During a reasonable time before and after a student or students are on the premises for attendance at school or for authorized participation in a school-sponsored activity and only when on the premises. (A reasonable time shall mean thirty (30) minutes before the school day or school- sponsored activity is scheduled or actually begins or ends - whichever period is longer.)

Guidelines for Student Rights and Responsibilities

Being a member of a school is like being a part of a family or a nation. In order for everyone to get along and to have freedom, all must share certain duties. Rights and responsibilities go hand in hand.

The following outlines student rights and responsibilities, which will help to guide you, the student, to success while you attend school.

Having Respect

At school everyone works to make sure that you are safe and well and that your day will be pleasant. District staff as well as students shall each be responsible for the following:

• Create a safe and orderly environment in which to learn;
• Be treated with dignity and respect;
• Express opinions and personal points of view in a responsible and constructive manner;
• Be informed of the rules of conduct
• Not hurting other people or their feelings;
• Not taking items that do not belong to you;
• Not damaging other people’s property or things;
• Dressing in the right manner for school;
• Helping us keep our school neat and clean; and
• Receive reasonable and fair treatment.

Free Speech

All students have the right to express themselves as long as it does not hurt others. Students have the responsibility to show respect during the pledge of allegiance to the flag, per Section 1003.44(1), Florida Statutes. Upon written request submitted by his or her parent, a student must be excused from reciting the pledge of allegiance, including standing and placing the right hand over his or her heart. When the pledge is recited, unexcused students must show full respect to the flag by standing at attention, removing any headdress, except when such headdress is worn for religious purposes.

Knowing the Rules

The school has rules for all students, which you must know and follow. If you break a rule, you will be treated fairly. You will be allowed to tell your side of the story to your teacher or someone in the office. Corrective strategies are governed by the student discipline plan discussed later in the Code of Student Conduct.

Getting Together

During their free time, students may get together on school grounds or buildings if permission has been given and it will not disturb others.

Learning in School

Schools will help you grow into a useful and successful adult. To do this, you must take part in all of your classes and other activities to the best of your ability. All school employees are there to help you do your best. If you have any questions or problems, ask for help. Students who bother others and make it hard for them to learn may be removed from the classroom.

People Who Are Different

Everyone is different in his or her own special way. We should treat all people in the same way and not make fun of others because they are different.

Access to Resources and Services in the School Library Media Program

Your school has a wonderful room that houses information on lots of topics, with something special for everyone. That room is the library media center. In it you will find what our School Board recognizes as the center of the educational program of the school. It provides materials and services that meet academic, technical, personal and social needs of the school community.
In meeting these needs, the media selection policy makes available a wide range of materials on varying levels of difficulty, with something to appeal to everyone. Many religious, ethnic, and cultural groups are represented in the school library, and specific criteria are used in considering items to be included. We have a selection policy; specific selection criteria are appropriately applied to the extent possible for every title purchased. Because libraries are forums for information and ideas, books are provided for the interest and enlightenment of all students and teachers.

Many of these books are on various reading program lists, such as Sunshine State Young Readers’ Awards, Accelerated Reader, Florida Teens Read, Reading Counts, and Young Adult Choices. Some of these lists also include recommended reading levels. These reading levels are determined by companies that are selling the book produce, and, while they may indicate the level of vocabulary and grammar that your child may understand, they do not necessarily reflect the appropriate chronological age, developmental age, maturity level, or family values for all students. As with all other aspects of a student’s education, parents are encouraged to be involved in a student’s book selections. The books in the media center, whether part of a specific reading program or not, are available for the review of all patrons, but are not necessarily recommended for everyone.

Since reading is vital to success in our world, and since we know that many of the best readers are those whose parents are involved in their education, we encourage parents to read and review the books your student selects. Come in and visit your school’s media center. Browse through the books. Your child’s media specialist and classroom teachers are also excellent resources for further information about books. You may find just the right book to share with your child.

**Accessibility Survey**

To ensure equal access in accordance with the Americans with Disabilities Act (ADA) of 1990, the School Board of Brevard County, Florida will provide appropriate auxiliary aids and services. These auxiliary aids and services for a parent/guardian may include but are not limited to the following:

- Sign Language Interpreter
- Braille
- Mobility Access
- Assistive Listening System
- Large Print

These accommodations are available upon request for Parent-Teacher Organization meetings, school plays, teacher conferences, etc. Please notify your child’s school. This information is also requested (voluntarily) on the Student Registration Form.

**Athletic Eligibility**

The School Board of Brevard County, Florida follows all rules, regulations and guidelines set forth by the Florida High School Athletic Association's (FHSAA) Bylaw 9 in reference to interscholastic athletics and student eligibility. For further information, refer to Board Policy 2431 – Interscholastic Athletics. In order to participate in extracurricular/co-curricular activities or athletic programs, students must adhere to school board policies, school-based criteria, and applicable law.
A student not suspended or expelled is eligible to participate in interscholastic athletics. However, it is important for students to understand that the behavioral expectations placed upon them by the school can extend beyond the classroom and the school campus. Pursuant to Florida law, the school board has the authority to withhold participation privileges from students. A student may not participate in any interscholastic or intrascholastic activity if the student participated in that same sport at another school during the same school year unless the student has been relocated due to foster care placement, or has been impacted by military orders or court-ordered changes in custody, all of which are addressed in FHSAA Bylaw 9. For more information, please reference FHSAA bylaws and policies or click here.

Bullying, Harassment, and Dating Violence and Abuse

In accordance with Board Policy 5517.01 – Bullying and Harassment, the Board is committed to providing an educational setting and workplace that is safe, secure, and free from bullying and harassment for all students and employees.

The Board will not tolerate unlawful bullying and harassment of any type. Conduct that constitutes bullying and harassment, as defined herein, is prohibited:

A. During any education program or activity conducted by the District;

This policy has been developed and reviewed in consultation with District students, parents, teachers, administrators, school staff, school volunteers, community representatives, and local law enforcement agencies as prescribed in Section 1006.147, Florida Statutes, and in conformity with the Florida Department of Education (FLDOE) Revised Model Policy (July 2016).

Pursuant to State law, District students, parents, teachers, administrators, school staff, school volunteers, community representatives, and local law enforcement agencies shall be involved in the review of this policy. This review process shall be conducted not less than every three (3) years thereafter.

The Superintendent shall develop a comprehensive plan intended to prevent bullying and harassment and to cultivate the school climate so as to appropriately identify, report, investigate, and respond to situations of bullying and harassment as they may occur on school grounds, at school-sponsored events, and through school computer networks. Implementation of the plan by each principal will be ongoing throughout the school year and will be integrated with the school curriculum, the bullying and prevention program, District disciplinary policies, and violence prevention efforts.

“Within the scope of the District” means regardless of ownership, any computer, computer system, or computer network that is physically located on school property or at a school-related or school-sponsored program or activity.

Expected Behavior

The District expects students to conduct themselves in keeping with their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

Such behavior is essential in maintaining an environment that provides each student the opportunity to obtain a high quality education in a uniform, safe, secure, efficient, and high quality system of education.

The standards for student behavior shall be set cooperatively through interaction among students, parents/guardians, staff, and community member, producing an atmosphere that encourages students to grow in self-discipline. The development of such an atmosphere requires respect for self and others, as well as for District and community property on the part of students, staff, and community members. School administrators, faculty, staff, and volunteers serve as role models for students and are expected to demonstrate appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying.
Students are expected to conform to reasonable standards of socially acceptable behavior; respect the person, property, and rights of others; obey constituted authority; and respond to those who hold that authority.

The District shall provide for appropriate recognition and positive reinforcement for good conduct, self-discipline, good citizenship, and academic success.

**Consequences**

Consequences and appropriate remedial action for students who commit acts of bullying or harassment or found to have wrongfully and intentionally accused another as a means of bullying or harassment may range from positive behavioral interventions up to and including suspension or expulsion, as outlined in the Code of Student Conduct.

Consequences and appropriate remedial action for a school employee found to have committed an act of bullying or harassment or found to have wrongfully and intentionally accused another as a means of bullying or harassment shall include discipline in accordance with District policies, administrative procedures, and the collective bargaining agreement. Egregious acts of harassment by certified educators may result in a sanction against an educator's State-issued certificate. (See the Principles of Professional Conduct of the Education Profession in Florida F.A.C. 6A-10.081)

Consequences and appropriate remedial action for a visitor or volunteer found to have committed an act of bullying or harassment or found to have wrongfully and intentionally accused another as a means of bullying or harassment shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.

**Procedure for Reporting**

The Board designates the principal as the person responsible for receiving all alleged acts of bullying. Any student or student's parent/guardian who believes s/he has been or is the victim of bullying or harassment should immediately report the situation to the school principal. Complaints against the principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board Chair.

All school employees are required to report alleged violations of this policy and alleged acts of bullying and harassment to the principal or as described above. The alleged violations and acts must be reported by school employees to the principal within twenty-four (24) hours.

All other members of the school community, including students, parents, volunteers, and visitors, are encouraged to report any act that may be a violation of this policy to the principal or as described above.

Written and oral reports shall be considered official reports. Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of an anonymous report. The principal shall establish and prominently publicize to students, staff, volunteers, and parents the procedure for reporting bullying and how such a report will be acted upon. A victim of bullying and/or harassment, anyone who witnessed the act, and anyone who has credible information that an act of bullying and/or harassment has taken place may file a report.
Procedure for Investigation

The investigation of a reported act of bullying or harassment is deemed to be a school-related activity and begins with a report of such an act. All complaints about bullying and/or harassment that may violate this policy shall be promptly investigated by an individual, designated by the principal, who is trained in investigative procedures. Documented interviews of the victim, alleged perpetrator, and witnesses shall be conducted privately and shall be confidential. The investigator may not be the accused perpetrator or victim. J. Whether there have been other incidents in the school involving the same or other students;
K. Whether the conduct adversely affected the student’s education or educational environment;
L. The date, time, and method in which the parent(s) of all parties involved were contacted.

In accordance with State law, District staff may monitor as part of any bullying or harassment investigation any nonschool-related activity, function, or program.

A. A recommendation of remedial steps necessary to stop the bullying and/or harassing behavior; and
B. A written report to the principal.

A maximum of fifteen (15) days should be the limit for the completion of the investigative procedural steps and submission of the incident report. While fifteen (15) days is the expectation
for completion of the investigative procedural steps, more time may be needed based on the nature of the investigation and the circumstances affecting that investigation. The investigator shall document in his/her report the reasons for needing additional time beyond fifteen (15) days. The highest level of confidentiality possible shall be provided regarding the submission of a complaint or a report of bullying and/or harassment and for the investigative procedures that are employed. The physical location or time of access of a computer-related incident cannot be raised as a defense in any disciplinary action initiated pursuant to this policy.

B. A referral process to provide professional assistance or services that may include a process by which school personnel or parent/guardian may refer a student to the school intervention team (or equivalent school-based team with a problem-solving focus) for consideration of appropriate services (parent/guardian involvement is required at this point); or

**Character Education**

**District Framework for Brevard Public Schools Character Education**

A. **Appropriate character traits and behaviors need to be molded by teachers, staff, administrators, and parents.** Examples from the committee of what adult behaviors influence students include language, habits, dress, and attitudes.

B. **District instruction should occur.** Examples: Character education traits including courtesy protocols could be taught in high school-wide instruction and the Career Research and Decision Making course; in elementary school-wide instruction or classroom guidance lessons.

C. **Character education should be reinforced throughout all aspects of school life.** Examples: Throughout the day on the playground, in the halls, in the lunchroom, on field trips, on the bus, in aftercare programs, during sporting events - every adult has the opportunity to help students in real-life situations use to what they have learned in the classroom.
D. **Encourage student leadership, opinions, and rights.** Students derive more benefit from a character education programs that they help design, plan, and implement. Examples: Peer mediation, student council/government, and committee representation.

E. **School-wide focus and activities offer support for character education.** Examples: Optimistic upbeat environment, motivational events, school-community plans, service learning, mentors, and career education speakers.

F. **District-wide support of character education goals is needed.** Examples: District Committee, instructional guidelines, staff development information about resources, motivational events, and a logo for the overall District Character Education Program.

G. **Family involvement is important.** Example: While parents need to instruct their children in home values, it is also necessary for students to learn socially accepted behaviors in the school, workplaces, and in the community.

**What Is Character Education?**

Character education is learning about character traits and how they are linked to good behavior.

It is learning that an individual can be in control of choices concerning his/her own behavior and it is learning to make good decisions.

**Guiding Principles for the Brevard Character Education Program**

The Character Education Committee agreed that there are universal principles or character traits that foster a safe, orderly, and caring school environment. In addition to these character principles, each school committee may want to add character traits that reflect the needs and uniqueness of their Character Education Program.

Compulsory School Attendance

Attendance

A student is considered to be present at school if away from school on a school day and engaged in an educational activity that constitutes a school approved instructional program or activity.

Absence

A student who is not present for his or her instructional classes or program at school on a school day is marked absent.

Attendance Policy

In accordance with Board Policy 5200 – Attendance, the educational program offered by this District is predicated upon the presence of the student and requires continuity of instruction and classroom participation. Attendance shall be required of all students enrolled in the schools during the days and hours that the school is in session. School attendance shall be the responsibility of parents/guardians and students. Absences shall be reported to the school by the parent or eligible student as soon as practicable.

In accordance with statute, the Superintendent shall require, from the parent/guardian of each student of compulsory school age or from an eligible student who has been absent from school or from class for any reason, a statement of the cause for such absence. The Board reserves the right to verify such statements and to investigate the cause of each single absence.

In addition, educators shall have the responsibility of encouraging regular attendance of students, maintaining accurate attendance records, and following reporting procedures prescribed by the Superintendent as follows:

A. Teachers shall record absentees each period of the school day and report absences as required by the school;
B. Parents/guardians should be notified each time their child is absent in so far as possible;
C. When a student has been absent three (3) consecutive days and the school has been unable to ascertain the reason for the absences, the absences shall be investigated or at any other time if deemed necessary by the school principal;

student as soon as possible. Failure to report and explain the absence(s) shall result in unexcused absence(s). The final authority for determining acceptability of the reason for the absence(s) shall rest with the Principal.

Each school should establish procedures to insure good attendance. A student who is absent more than nine (9) days within a semester or more than four (4) days within a 9-week period for schools on a block schedule may not receive a passing grade for the semester.

A student is considered to be present at school if away from school on a school day and engaged in an educational activity that constitutes a school approved instructional program or activity.

All students must be in attendance a minimum of four (4) hours of instructional time to be considered present each day.

It is the policy of the School Board to cooperate with those parents who wish to provide for religious instruction for their children but also recognizes its responsibility to enforce the attendance requirements set forth in the State- mandated Student Progression Plan.

Upon receipt of a signed, written request from the parent/guardian or adult student, the Board will grant permission and allow exceptions to the student's attendance at school for religious instruction outside the school building by a religious group, church, or denomination. The signed, written request shall include the following:

A. A statement attesting that the religious instruction is not provided at a time that does not conflict with the student's attendance at school.
B. A statement of acceptance by the parent/guardian or adult student for any liability that might arise as a result of the student's conduct while on this release.
C. A statement indemnifying and holding harmless the District and District personnel for any liability arising from conduct by the student that does not occur on property under the District's control.

Upon receipt of the signed, written request and provided the religious group, church, or denomination responsible for the religious instruction submits evidence, in writing, of the student's registration for religious instruction, as well as written weekly records documenting the student's attendance at such instruction for each day of release, the student shall be considered to have an excused absence during such release for religious instruction.

Prior to approving the request, the principal shall confirm that the student is enrolled in sufficient
courses to allow for promotion or graduation and that the student's grades are adequate for promotion or graduation.

The principal may terminate the student’s permission for non-attendance. The parent/guardian or adult student may appeal the principal's decisions to terminate permission for the student to be released for religious instruction to the Superintendent. The religious instruction shall be the responsibility of the religious group, church, or denomination and transportation shall be the responsibility of the parent/guardian, adult student, or the religious institution.

No solicitation for attendance at religious instruction shall be permitted on District premises. No staff member shall encourage or discourage participation in any religious instructional program.

Attendance Appeal Committee

Each school shall establish an Attendance Appeal Committee to implement the appeals process.

Each student is entitled to an appeal once the student has been absent more than nine (9) days within a semester or more than four (4) days within a 9-week period for schools on a block schedule. Individual schools will publicize the availability of the appeals process.

Tardiness

Each school should establish a tardy policy to ensure prompt arrival to school and class. Chronic tardiness to school and/or class may result in referral to the appropriate administrator or designee.

The legislation further provides that those minors who thus fail to satisfy attendance requirements will be ineligible for the driving privilege.

**Married and/or Pregnant Students**

Married and/or pregnant students shall not be prohibited from attending school. Teenage parents shall receive the same educational instruction or its equivalent as other students, but may voluntarily be assigned to a class or program suited to their special needs.

Students participating in Teenage Parent Programs (TAP) shall be exempt from minimum attendance requirements for absences relating to pregnancy or parenting, but shall be required to make up the work missed due to the absence pursuant to [Section 1003.54, Florida Statutes](#), before a passing grade and/or credit is assigned. Make up work should be completed as soon as possible.

Brevard County Schools will provide information on alternative programs. Pregnant students may choose to attend one of these.

**College Visits and Military Recruitment**

Trips for college/military should be scheduled when school is not in session. The administration may make an exemption if the college or military facility has a planned program agenda for a specific day or if the student has a specific appointment with a college or military official that is validated in writing. These trips are limited to junior and senior students, for three (3) school days per school year.

**Eligible Students**

An eligible student (18 years of age) who is not residing with a parent or legal guardian shall not be prohibited from registering or remaining in school. B. Each school shall continually encourage and promote regular school attendance of students. Furthermore, each school shall maintain accurate attendance records, track absences, and follow attendance reporting procedures prescribed by the Superintendent.
C. Teachers shall record absentees each period of the school day and report absences as required by the school. Parents/guardians should be notified each time their child is absent insofar as possible.

D. For each absence for which the reason is unknown, the Principal or designee shall contact the student’s parent or guardian to determine the reason for the absence. The final authority for determining acceptability of the reason for the absence(s) shall rest with the Principal.

E. Any student who fails to attend any regularly scheduled class and has no excuse for absence shall be referred to the appropriate school administrator. Disciplinary action shall include notifying the student’s parent/guardian. Chronic truancy, deliberate nonattendance, or students with at least five (5) unexcused absences shall result in a referral to the IPST / Individual Problem Solving Team.

F. Students identified as physically or mentally impaired and eligible under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973 and are exhibiting a pattern of non-attendance shall be referred to the IPST / Individual Problem Solving Team to review the attendance record and make appropriate recommendations.

Absence of Student for Work

Students may not be given excused absences to remain out of school for the purpose of working, unless the job is an integral part of the student’s instructional program.

Leaving School Grounds and Early Dismissal

No student shall be permitted to leave school prior to dismissal at the request of or in the company of anyone other than a school employee, a police officer with judicial authority, a court official, or the parents of the student unless the permission of the parent or guardian of record be first secured. Non-Resident Students

Students who are not residents of Brevard County may attend Brevard County Schools upon compliance with Florida Laws governing admission of students to the schools of the state. Such students may be assigned to schools by the Superintendent.

Any malicious or willful act which destroys, injures, mars, defaces, or otherwise alters any school building, grounds material, equipment, or other school property by a student enrolled in any school shall cause parent, guardian, or person standing in loco parentis of the offending student to restore or replace such damaged property to the satisfaction of the Superintendent or be assessed to pay all costs to restore or replace such damaged property as determined by the true value established by the Superintendent.
Dress Code

Board Policy 5511 – Dress and Grooming was developed to provide specific guidelines for students to follow and for staff to enforce regarding the dress or appearance of each student. Staff must ensure that a student’s dress is not extreme to the point that it creates a disruption in the learning environment, is not offensive or vulgar to the point that it infringes on the rights of other students/staff, and does not represent a hazard to the student wearing the attire, other students, staff, or to school property. Student dress and standards of personal grooming should be in conformity with a studious atmosphere. Section 1006.07, Florida Statutes, prohibits students, while on the grounds of a public school during the regular school day, from wearing clothing that exposes underwear or body parts in an indecent or vulgar manner or that disrupts the orderly learning environment. For specific penalties for violating this section of the Florida click here.

The following represents a minimum dress standard for all students to follow:

2. Extreme hairstyles or hair colors that create a disruption are prohibited.

Students in K-6 must wear shoes that are safe and appropriate for recess and physical education. Students in grades 7-12 may wear footwear commonly considered as beachwear (for example, flip-flops, thongs, etc.) unless a course of instruction requires them to wear safe and appropriate footwear to protect the student from injury i.e. athletic shoes in physical education classes.

Administrators Advocating a Stricter Dress Code for Their School

1. If school administrators have concerns that certain types of clothing or jewelry normally allowed under the guidelines (as set forth above) represent a specific health and safety danger to students in the school, the administrators may form a committee. The purpose of the committee is to discuss and prepare a more stringent dress code than listed above. The committee will submit a recommendation for change to the Superintendent in writing for evaluation. If approved, the recommendation will be submitted to the School Board. Detailed procedures and requirements for submitting a change in the student dress code are outlined in Administrative Procedures 5511 — Dress and Grooming.
Enforcement of the Policy

The following key procedures will serve as the foundation for the enforcement of the dress code guidelines:

1. All staff members are to be aware of the approved dress code guidelines and are responsible for making the administration aware of any possible violation;
2. All staff members should refer any student that is not in compliance with the dress code to an administrator;
3. All decisions on appropriateness of attire will be made by administration in order to minimize any disruption of the educational process;
4. Once administration deems a student’s attire to be inappropriate, parents will be called and the violation will be reported and discussed. Parents may be asked to provide an appropriate (alternate) means of dress before their child is allowed back in class that day;
5. A student will not be permitted to return to class without meeting the requirements of the dress code; and
6. Repeated violations of the school dress code will result in progressive disciplinary action.

Objections to the Policy

1. The principal is the arbiter of student dress and grooming in his/her building;
2. The principal shall instruct staff members to demonstrate by example and precept wholesome attitudes toward neatness, cleanliness, propriety, modesty, and good sense in attire and appearance;
3. The principal shall ensure that all rules implementing this policy impose only minimum and necessary restrictions on the exercise of the student’s taste and individuality; and
4. Should any student communicate a written allegation that enforcement of this policy would represent a willful violation of their federally protected rights; the principal shall communicate with their supervisors, superintendent over student services, and risk management for further instructions.

Electronic/Wireless Devices

In accordance with Board Policy 5136 – Wireless Communication Devices, the School Board is aware that wireless communication devices (WCDs) are used by students and parents to communicate with each other. However, the use of WCDs on school grounds must be appropriately regulated to protect students, staff, and the learning environment. This policy sets forth the District’s policy with respect to WCDs.

Pursuant to State law, students shall not operate a motor vehicle owned or leased by the District on or off school property, or personal motor vehicle on District property, while manually typing or entering multiple letters, numbers, symbols, or other characters into a personal communication device or while sending or reading messages on such a device, for the purpose of non-voice interpersonal communication, including, but not limited to, communication methods known as texting, e-mailing, instant messaging, and snap chatting.
While students may possess WCDs in school, on school property, during after school activities (e.g., extra-curricular activities), and at school-related functions, they either must be powered completely off or placed into vibrate/silent mode) and stored out of sight during school hours.

When authorized and approved by the site principal or site leadership team, students may use WCDs before and after school, during their lunch break, in between classes, during after school activities (e.g., extra-curricular activities), and at school-related functions, as long as they do not create a distraction, disruption, or otherwise interfere with the educational environment. Use of WCDs, except those approved by a teacher or administrator, at any other time is prohibited and WCDs must be either powered completely off (or placed into vibrate or silent mode) and stored out of sight.

Technology including, but not limited to, WCDs intended and actually used for instructional purposes (e.g., taking notes, recording classroom lectures, writing papers) will be permitted, as approved by the classroom teacher or the building principal. However, the use of a WCD to engage in non-education-related communications is expressly prohibited. Students may not use WCDs on school property or at a school-sponsored activity to access and/or view Internet web sites that are otherwise blocked to students at school.

Students may use WCDs while riding to and from school on a school bus or other Board-provided vehicles or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher, or sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated. Also, when directed by the administrator or sponsor, WCDs shall be powered completely off during after school activities (not just placed into vibrate or silent mode), and stored out of sight. Under certain circumstances, a student may keep his/her WCD "on" with prior approval from the principal or teacher.

Except as authorized by a teacher, administrator, or IEP Team, students are prohibited from using WCDs during the school day, including while off-campus on a field trip, to capture, record or transmit the words or sounds (i.e. audio) and/or images (i.e. pictures/video) of any student, staff member, or other person in the school or while attending a school-related activity, without express prior notice and explicit, written consent for the capture, recording, or transmission of such words or images. Using a WCD to capture, record, and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted.

Students who violate this provision and/or use a WCD to violate the privacy rights of another person may have their WCD confiscated and held until the end of the school day and/or until a parent/legal guardian picks it up, and may be directed to delete the audio and/or picture/video file while the parent/legal guardian is present. If the violation involves potentially illegal activity the confiscated WCD may be turned over to law enforcement. The prohibitions herein also include using a WCD or any other device to covertly listen-in or make a recording (audio or video) of any meeting or activity in school. This includes placing a WCD or other device with one- or two-way audio and video communication technology (i.e. technology that allows a person to listen to live conversations and sounds taking place in the location where the device is located), within a student's book bag or other property of the student or on the student's person without express written consent from an administrator, IEP Team, or Section 504 Team.

"Sexting" is prohibited at any time on school property or at school functions. As set forth in State law, "sexting" is the knowing transmission or distribution to another minor by a computer or similar device any photograph or video of any person that depicts nudity and is harmful to minors.
Sexting also includes possessing a photo of any person that was transmitted or distributed by another minor that depicts nudity. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD.

WCDs, including, but not limited to, those with cameras, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, classrooms, gymnasiums, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The Superintendent and the principal are authorized to determine other specific locations and situations where use of a WCD is absolutely prohibited. Students shall have no expectation of confidentiality with respect to their use of WCDs on school premises/property.

Students may not use a WCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. See Policy 5517.01 – Bullying and Harassment. In particular, students are prohibited from using WCDs to: (a) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, national origin, sex (including sexual orientation/transgender identity), disability, age, religion, ancestry, or political beliefs; and (b) engage in "sexting" - i.e., sending, receiving, sharing, viewing or possessing pictures, text messages, e-mails, or other materials of a sexual nature in electronic or any other form. As set forth in State law, "sexting" is the knowing transmission or distribution to another minor by a computer or similar device any photograph or video of any person that depicts nudity and is harmful to minors. Sexting also includes possessing a photo of any person that was transmitted or distributed by another minor that depicts nudity and is harmful to minors. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a WCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using WCDs to receive such information. Possession of a WCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the WCD. The building principal may also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the WCD is confiscated, it will be released/returned to the student's parent/legal guardian after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the WCD may be turned over to law enforcement. In particularly egregious offenses involving the invasion of another person's privacy, the Board reserves the right to confiscate the WCD and hold it until the end of the school year. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/legal guardian or turned over to law enforcement. School officials will not search or otherwise tamper with WCDs in District custody.
unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rule. Any search will be conducted in accordance with Policy 5771 – Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a WCD to school for a designated length of time or on a permanent basis.

A person who discovers a student using a WCD in violation of this policy is required to report the violation to the building principal.

Students are personally and solely responsible for the care and security of their WCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of WCDs brought onto its property, or the unauthorized use of such devices.

Parents/Legal guardians are advised that the best way to get in touch with their child during the school day is by calling the school office.

Students may use the school’s phone to contact their parents/legal guardians during the school day.

**Enrolling in School**

**Mandatory School Age**

Section 1003.21, Florida Statutes, requires that a child who will be six (6) years old by February 1 of the school year, must attend school regularly during the school term. Therefore, the child must begin school at the beginning of the school year.

**Evidence of Date of Birth**

A legal birth certificate or other authentic proof of a child’s age, as required by law, must be submitted prior to a student’s initial entry into kindergarten. Kindergarten and first grade students, who are transferring to a Brevard County school, must also furnish proof of age in order to comply with state and district transfer requirements.

**Initial Entry to Kindergarten**

Children entering kindergarten in Brevard County schools for the first time must comply with Section 1003.21, Florida Statutes, regarding entry age. A child must be five (5) years old on or before September 1 of the school year in order to meet the Florida age requirements for kindergarten.

**Initial Entry to First Grade**

Children entering first grade in Brevard County schools for the first time must comply with Section 1003.21, Florida Statutes. Any child who has attained the age of six (6) years on or before September 1 of the school year and has satisfactorily completed the requirements for kindergarten in a public or non-public school, shall be eligible to enter first grade. A public or nonpublic school must provide written documentation of satisfactory completion of kindergarten. The nonpublic school must be one from which the district school board accepts transfer of academic credit.
Students participating in a kindergarten home education program will be assessed at the public school in which the child is enrolled prior to determining placement. School personnel will assess the child to determine readiness for first grade by using the Kindergarten End of the Year Literacy Survey and the Kindergarten End of the Year Mathematics Assessment. The principal will determine final placement. Placement in kindergarten will occur if a child does not demonstrate readiness for first grade.

**Underage Transfers to Kindergarten and First Grade**

Kindergarten and first grade students transferring to Brevard County schools must meet the Florida age requirements and must comply with rules established by [Administrative Rules 6A-1.0985](#).

**Public and Private School Transfer Students K-6**

Elementary grade placement of transfer students shall be on a probationary basis until academic records are validated on the basis of official evidence of pupil achievement or competence and made available to the school principal. Academic placement of a transfer student will consider state, district, and teacher assessments, as well as classroom performance when making the final placement decision. The principal may reassign a student to the grade level at which the student can best perform academically.

**Initial Enrollment**

Children entering Brevard County schools for the first time must comply with Florida Statutes and with the Brevard County School District Student Progression Plan. Students must have an immunization record on file at the school. All beginning kindergartner students must have a valid certificate of immunizations, unless they have a valid certificate of exemption prior to starting school.

Any student who does not have the immunization form shall be temporarily excluded from attendance until full compliance is achieved.

As a part of the enrollment process, it is necessary for a parent or legal guardian to accompany their child to school for initial entry or transfer to a new school.

**School Entry Physical Examination**

Within thirty (30) school days of a child’s initial entry to a Brevard County school, the Principal shall require evidence of a physical examination performed within one year prior to the date of entry. Students transferring into Brevard County schools from a school within the state of Florida who have a completed physical examination form as part of their school record need not be re-examined.

A child may be exempt from the required physical examination and/or immunization upon written request of the parent or guardian of such child stating objection to the examination and/or immunization on religious grounds or for a medical reason certified by a competent medical authority.
Beginning kindergarten students should have immunizations and school entry physical examination completed **prior to starting** school, since no school records can be transferred.

**Home Language Survey**

Any student entering a Brevard County school for the **first time** must complete a Home Language Survey. Part of the student registration packet, the mandatory survey form has three (3) questions regarding the student’s language and the possible utilization of a language other than English at home (Section 1003.56, Florida Statutes).

If parent/guardian answers “yes” to any one of the three questions on the survey, the school must follow approved procedures, within mandated time, to assess the student’s English proficiency level and determine eligibility for the English for Speakers of Other Languages (ESOL) program. As mandated by the Florida Consent Decree, the district ensures that all English Language Learners (ELLs) have access to educational programs and services which are equal and comparable in amount, scope, sequence, and quality to those provided to English proficient students. For additional information on the ESOL program, forms and procedures, visit [http://tinyurl.com/ESOLBPS](http://tinyurl.com/ESOLBPS).

**Social Security Numbers**

Section 1008.386, Florida Statutes, requires school district personnel to request the Social Security Number from each student enrolling in a Florida public school beginning with the 1990-91 school year.

Section 1008.386, Florida Statutes, also specifically states, "However, a student shall not be required to provide his Social Security Number as a condition for enrollment or graduation."

School personnel should continue to diligently request Social Security Numbers from students as a part of the registration process, keeping in mind that providing the Social Security Number by the parent or student is strictly voluntary. Please do not make copies of the student’s Social Security cards to be placed in cum folders.

**Grades K-12/Adult Registration Form Addendum**

All students, grades K-12/Adult receive a copy of the Grades K-12/Adult Registration Form Addendum (drug addendum). The form includes information and rules on the following:

1. Control of students;
2. Weapons;
3. Policy 5500 Student Conduct; and

**Foreign Students Fee**

A fee covering the annual unsubsidized per capital cost shall be paid by each foreign student with F-1 immigration status or any foreign student who is otherwise required to reimburse the Board in accordance with the Immigration and Nationality Act. Payment of the fee shall be made annually in advance of the foreign student’s enrollment and one-half of such fee may be refunded if the student’s actual attendance is one semester or less. The annual fee shall be determined annually by the Office of Financial Services.
Proof of Residence

Two proofs of verification of a parent or guardian’s residence shall be required at the time the child registers in a Brevard County school and each year thereafter. Verification of residence may also be required at any other time at the discretion of the Superintendent or designee.

Proof of residence may include the following with one (1) from each tier:

Field Trips

Field trips are planned to extend and enhance classroom experiences when opportunities and resources permit. Each participating student must have a permission form signed by the parent or guardian. Transportation is usually provided by school buses. When private automobiles are used, special insurance forms must be signed by the owner of the vehicle. Students are supervised and chaperoned by adults while on field trips. Additional information on field trips may be found at your local school site.

Misbehavior on Field Trips

Students are required to follow school rules and guidelines while on a field trip, the same as in the classroom at school. Students shall at all times follow the instructions and directives of teachers, sponsors, or chaperones in charge of the field trip. Whenever a student misbehaves on a field trip, disciplinary action will be taken which may include a warning, in-school suspension, out-of-school suspension, or expulsion.

Fire Drills

Fire drills are held at school as required by law. Drills may occur at any time of the day. Students are requested to move quickly, as directed by the teacher, to the designated exit-area. Upon completion of the drill, an all-clear signal will be sounded, at which time all persons will return to their classroom.

Graduation Ceremony

In order to participate in a high school graduation ceremony a student must have already completed the Requirements for Graduation, Grades 9-12. A senior who has been enrolled at the Alternative Learning Center and who is not attending the referring (home) school at the time of graduation, will not participate in the referring school’s graduation ceremony.

Home Education Programs

The following guidelines refer to children from Home Education Programs who enroll or re-enter a public secondary school in the Brevard County School District.

1. A child will be enrolled if he/she meets district and state entrance requirements the same as any other student.
2. Academic credit and grade placement of the child for the current school term will be made by the school in accordance with Student Transfer Requirements in the current Brevard County Student Progression Plan. The specific topic references are: Rule 6A-1.09941 State Uniform Transfer of Students in Middle Grades and High School.

Impact Information

Federal installations such as NASA and Patrick AFB occupy thousands of acres of Brevard County land. Such property is removed from the tax rolls of the county, resulting in the loss of a substantial source of revenue through ad valorem taxes. To compensate partially for this loss of revenue, legislation providing aid to impacted areas was enacted by Congress. To qualify for these funds, it is necessary that employment-survey questionnaires be completed by parents of students in September of each year. The information requested is brief and does not violate any security regulations.
Parent cooperation is appreciated in the completion and return of the questionnaire when it is taken home by the child.

**Important Notice to Students**

The possession of illegal drugs and the unlawful use of alcohol and/or prohibitive substances are both HARMFUL and WRONG! Students should ask their teachers or school guidance counselor for any information about drug and alcohol counseling, rehabilitation programs, and re-entry programs. Teachers and guidance counselors also have information about community programs and services on alcohol and substance abuse.

**Insurance**

Accident insurance is available to students at a reasonable price. Specific information regarding the plan will be supplied during registration and the first week of school. Parents are encouraged to purchase this insurance as the school accepts no financial responsibility for accidents occurring on school grounds.

**Library Books and Other School Materials**

Students are taught to take proper care of books or materials. Lost or damaged books or materials are the financial responsibility of the parents and students.

**Meal Service**

The Office of Food and Nutrition Services (FNS) is committed to providing nutritious, well-balanced meals that meets or exceeds the United States Department of Agriculture’s nutrition standards. Our mission is to fuel student success by providing nutritious meals at an affordable price while promoting sound eating habits that foster good health and academic achievement. FNS is a self-funded department, using only federal funds, grants and monies generated from the sale of school meals to provide nutritious, low cost school breakfast and lunches to BPS students. We are proud to offer a variety of entrees, fruits, vegetables, and side items daily. Menus can be found on the BPS website.

**Breakfast**

FNS recognizes the importance of starting each day by consuming a healthy breakfast. FNS is pleased to offer a no cost breakfast to every student each school day. Breakfast service begins 20 minutes prior to school start and features a variety of healthy options.

**Lunch**

FNS offers an array of nutritious lunch entrées, sides, and a la carte items daily, as well as a “Lighter Side” menu featuring fresh salads. Lunch service times vary by school and are determined by the school administration.
For your convenience, every student is automatically set-up with a cafeteria account when they enroll at BPS. It is the responsibility of the parent/guardian to ensure their child has adequate funds for lunch.

Students may qualify for free or reduced price lunch meals based on the Federal Income Eligibility Guidelines. Parents must reapply for meal benefits for their child each school year. Information regarding free and reduced meals can be found on the BPS website. Applications may be completed online; paper applications are available at each school.

FNS understands how busy life can be, and that there may be times that you forget to fund your child’s lunch account, or your child may leave their lunch money at home. To ensure our students are prepared to learn, FNS allows students to charge two lunch meals to their cafeteria account when they have insufficient funds. This extension of credit only applies to lunch meals and does not include à la carte items. Parents are responsible for repaying all charges accrued. If negative balance has been reached, a phone call or automated call is placed by the cafeteria manager or front office staff, to the parent/guardian requesting replenishment of the student’s account. Elementary students only will be provided an alternate meal once they have reached their charge limit.

FNS has several convenient ways for you to manage your child’s cafeteria account through MyPaymentsPlus. Parents can check account balances online, sign up for free low-balance e-mail reminders, make payments using a credit or debit card, and set up auto-pay for when your child’s account reaches a low-balance threshold. This service is free and eliminates the worry of lost or forgotten lunch money. In addition, the cafeteria accepts cash and check payments. Should your student graduate or move, funds may be transferred to a sibling’s account or a refund can be requested from FNS. Funds under $50.00 remaining in an inactive account for three years will be donated to the school’s account to be utilized by students who have reached their charge limit.

The school cafeterias are staffed with food service professionals who are dedicated to providing students quality meals, an engaging atmosphere, and service with a smile.

Racial Slurs, Hate Slurs, Name Calling

Racial slurs, hate-related slurs, name-calling, put downs, and intimidation either verbal or written will not be tolerated at schools, school activities, on school buses or other school-sponsored transportation.

Students shall at all times refrain from using racial slurs, hate-related nicknames, bullying and any other name-calling or put downs.

Request for Educational Location Option (ELO)

In addition to the array of Educational Program Opportunities, parents have the option to complete an Educational Location Option for their child to attend a school other than the zoned school of attendance, as long as the chosen school is not on the list of frozen schools, as well as the school continues to meet statutory class size amendment requirements, and parents provide the transportation.
For all Educational Location Option requests:

Who can apply?

1. Educational Location Options assignment is for Kindergarten through 12th grade; and
2. Students who wish to attend a school other than their zoned school of attendance must submit an online application with a $30 nonrefundable application fee.

Where can you get the application?

The application is available on the Office of Equity, Innovation and Choice website or by clicking here.

What do I need to know?

2. Approval/Denial for an Educational Location Option placement is subject to criteria including space availability as well as the observance of the Class Size Amendment.
3. Two proofs of residency will be required at the time of application and registration thereby allowing schools to assign student numbers during the registration process for new incoming students.
4. All students approved for Educational Location Option placement must provide their own transportation.

If I move during the school year and want to stay at my school what do I need to do?

You must notify the school of your new address. If applicable, you must complete an Educational Location Option application in order to be able to stay at the school you are currently attending for the remaining portion of the school year.

Who does not apply?

Educational Location Option applications are not required for students who wish to attend Educational Program Opportunities (international, choice, CTE, academy) as this is a different application process. John M. McKay scholarship applications work through a separate process via the Office of Student Services/Exceptional Student Education.

Other

1. If you are an Active Duty Military Family in Transition, you must complete the Active Duty Military Family in Transition Verification form and upload it to your Educational Location Option application.
2. Students seeking to participate in interscholastic competition will be subject to the policies established by BPS and the Florida High School Athletic Association (FHSAA).
3. A student’s Educational Location Option assignment may be revoked if he/she fails to exhibit appropriate academic effort, good attendance, and/or acceptable behavior.
4. Out of district transfers into Brevard County Schools (including students of Brevard County School Board Employees) will be approved on a case- by-case basis. The requested school must have available capacity, meet class size compliance and maintain diverse enrollment.

5. This application is for one (1) school year and require a renewal application each year a student desires to remain at the school. No student may transfer before receiving approval.

Verification of Residence

Verification of a parent or guardian’s residence shall be required at the time the child registers in a Brevard County School and each year thereafter. Verification of residence may also be required at any other time at the discretion of the Superintendent or designee.

In Loco Parentis

In some cases, a parent or guardian may find it necessary for their child to live at another residence temporarily and may arrange for an adult to stand in loco parentis to the child in order to be admitted or continue in school. The Notification of In Loco Parentis Form should be completed to inform the school of the arrangement. In Loco Parentis forms are valid for not more than 30 days.

Rules of Discipline for Disabled Students

Individual Educational Plans (IEPs) and 504 Accommodation Plans must be reviewed when a student commits a disciplinary infraction that can lead to a recommendation for expulsion. Please refer to the Brevard County ESE Policies and Procedures plan or click here:

Health appraisal and screening programs which include periodic review and analysis of health related records, observations, and screening tests consistent with sound health practices will be carried out as a requirement of Florida State Law. Screening shall include vision, hearing, growth and development, nutrition, dental health, mental health, and communicable diseases. Any request for exemption from health screening must be made in writing to the Principal by the parent or guardian.

Accidents and Illness

The school clinic, located in the administrative area of the building, is staffed by volunteers and/or school personnel who assist students and contact parents concerning illnesses and injuries. Necessary information must be on file in the school office in order that school personnel may be in touch with the parents during school hours, should an illness or accident occur.
If the nature of the illness is such that the child should go home, efforts will be made to notify parents. Students will not be released to anyone except parents or their designees.

**Unusual Health Conditions**

Parents are urged to inform the school if a child has unusual or chronic health conditions, such as asthma, diabetes, etc. Parents may request a Chronic Health Condition form from the school nurse that will be filled out by the student’s medical provider. The form is not mandatory but if requested parents must give approval for medical information to be shared with the school and designated Brevard County Health Department medical staff.

**Controlling Head Lice (Pediculus capitis)**

(Adopted from recommendations of American Academy of Pediatrics, Centers of Disease Control, and Harvard School of Public Health).

The following procedure will be used by clinic staff/school administration when a student at school is observed to be infested with live head lice:

1. The parent/guardian will be notified by the end of the school day.
2. A fact sheet on education and treatment of head lice will be sent home. This will include a statement to be signed by the parent/guardian that treatment was done.
3. For a student to be re-admitted to school following live lice infestation, he/she must be checked, have no live lice, and have a statement signed by parent/guardian that treatment was done.
   - If no nits are found further, rechecking will not be done.
   - If nits are found, the student will be admitted and rechecked in 8-10 days.
   - If live lice are found, the student will not be readmitted and the entire procedure will need to be repeated.

Vision and Hearing Screening

Vision and Hearing screenings are provided for students in grades K, 1, 3, 6, and to students new to the state in grades K-12, or any student with a new vision or hearing concern. The purpose of the screenings is to identify students who may have a vision or hearing problem and need a professional medical exam.

Students who do not pass the vision or hearing screening will have a letter sent home to the parent or the guardian. A school vision and hearing screening is not an examination and should not be substituted for routine medical care.

Direct Contact Communicable Diseases

The School Board seeks to provide a safe educational environment for students and staff. This can be accomplished by assuring that all persons within the school community understand the method of transmission and prevention of diseases that are not contracted through air-borne pathogens, but rather, through direct contact with body fluids and excretions, especially blood, vomit, feces, or urine. The Board is also committed to assuring the confidential status of individuals who may have been diagnosed with a blood-borne communicable disease. Student instruction will be developmentally appropriate.

For purposes of this policy, these diseases shall include:

A. HIV (human immunodeficiency virus)
B. AIDS (acquired immune deficiency syndrome)
C. HAV, HBV, HCV (Hepatitis A, B, C)
D. Other diseases that may be specified by the State Department of Health as contact communicable diseases.

The Board recognizes the fact that individuals who have contracted these diseases may not exhibit symptoms for many years after exposure and may, in fact, not be aware that they have contracted the disease. They are, however, able to transmit the disease to other individuals.

With this in mind, the Board directs the Superintendent to develop programs/procedures for students and staff for the purpose of understanding the manner in which these diseases may be prevented and how they are transmitted.

Admissions and Attendance

Admission shall not be denied to a qualified student solely on the ground that the student is an infected individual*.

A student shall not be required to cease attending school solely on the basis of a diagnosis of infection. Such decisions shall be made only after reasonable accommodations have been made and an examination of the facts on a case by case basis demonstrates that the student can no
longer perform as required, or that the student presents a health risk to himself or the school community.

* For the purpose of these guidelines, an infected individual means:
  1. An individual who is diagnosed as having a direct contact communicable disease; or
  2. An individual who is determined to test positive for a direct contact communicable disease but has not yet developed symptoms of the disease.

Accommodations and Restrictions When Necessary

Schools will make “reasonable efforts” to accommodate the special needs of students with a direct contact communicable disease unless the accommodation places “undue burdens” on the school.

Any student with a direct contact communicable disease, whose personal behavior and/or medical condition poses imminent risk to the school community, may be requested to provide an evaluation by the individual’s private medical provider (physician) or by the Brevard County Health Department. The physician or health department will determine if restricting contact and/or activities or if continuing attendance at the school is in the best interest of the student and the school community.

Confidentiality

An infected individual shall be provided rights of privacy and confidentiality in accordance with Federal and State laws and Board rules. The only individual who can disclose that a student has a direct contact communicable disease is the parent/guardian of the infected student.

Instructional Program for Students

The primary purposes of instruction in direct contact communicable diseases are to inform students of the threat of the diseases and to provide them with appropriate information to avoid risky situations and to make appropriate decisions. Content will focus on the epidemiology of the diseases and provide students an up to date report of medical advances being made in the area of these diseases. The instruction will be presented in developmentally appropriate curriculum.

Search and Seizure

The Board recognizes that the privacy of students or their belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion or in an unreasonable manner.

The Board acknowledges the need for in-school storage of student possessions and shall provide storage places, including desks and lockers, for that purpose. Such spaces remain the property of the Board and, in accordance with law, may be the subject of random search. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have such an expectation of privacy as to prevent examination by a school official. The Board directs the school principals to conduct a routine inspection at least annually of all such storage places.

School authorities are charged with the responsibility of safeguarding the safety and well-being of
the students in their care. In the discharge of that responsibility, school authorities may search the person or property, including vehicles, of a student, with or without the student’s consent, whenever they reasonably suspect that the search is required to discover evidence of a violation of law or of school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student’s age. This authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board.

Administrators are permitted to conduct a random search of any student’s locker and its contents at any time, providing proper notice has been posted in the locker areas of each building. Search of a student’s person or intimate personal belongings shall be conducted by a person of the student’s gender, in the presence of another staff member of the same gender, and only in exceptional circumstances when the health or safety of the student or of others is immediately threatened.

Except as provided below, a request for the search of a student or a student’s possessions will be directed to the principal who shall seek the freely offered consent of the student to the inspection. Whenever possible, a search will be conducted by the principal in the presence of the student and a staff member other than the principal. A search prompted by the reasonable suspicion that health and safety are immediately threatened will be conducted with as much speed and dispatch as may be required to protect persons and property.

The principal shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of informant, if any; the persons present when the search was conducted; any substances or objects found; and the disposition made of them.

The principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

**Student Conduct**

**Staff Involvement**

All school personnel shall be informed and responsible for all school board administrative rules concerning discipline. All school personnel shall become involved in the discipline process anywhere on campus or at school functions off campus. A good faith effort shall be made by the Principal to employ parental assistance or other alternative measures prior to suspension.

**Policies**

The following policies shall be used to govern student conduct at all school-sponsored activities and at any time the student is under school jurisdiction. It is the students’ responsibility to become knowledgeable of and to abide by these conduct policies at the beginning of each school year. Violation of law shall be reported to proper legal authorities.

**Notice to Law Enforcement**

School administrators shall ensure that the appropriate law enforcement agency is notified as soon as possible when an adult or a student commits any of the following offenses on school property, on school-sponsored transportation, or during a school-sponsored activity: homicide
(murder, manslaughter); sexual battery; armed robbery; aggravated battery; battery or aggravated battery on a teacher or other school personnel; kidnapping or abduction; arson; possession, and use, or sale of any firearm; possession, use, or sale of any explosive device, or any other offense, though not listed above, the nature of which is such that it impacts the safety of the school or the community.

**General Offenses**

Violation of any other law by students while on the school campus or at a school function will result in corrective action. The student may be suspended or recommended for expulsion and referral to proper law enforcement agencies.

**Detention of Students**

A student may be detained at school for a specified period of time either before, during, or after the regular school day or on Saturday. An effort shall be made to notify one of the student’s parents prior to the detention. Transportation of students following detention is the responsibility of the parent.

**Corporal Punishment-Control of Students**

A teacher or other member of the certificated staff shall assume such authority for the control of students who are assigned to him/her by the Principal or designee and shall keep good order in the classroom. The use of corporal punishment is prohibited. Alternative disciplinary procedures, which may include time-out, peer review, or other forms of positive reinforcement, should be used to bring about appropriate student classroom behavior.

**Alternative Learning Centers**

The School Board of Brevard County provides for Alternative Learning Centers that are available to provide educational instruction for students that:

1. Commit expellable infractions of school rules at school or at a school function;
2. Are charged with/convicted of a felony; and/or
3. Are on community control/probation due to a felony charge or conviction.

The decision to place a student at an Alternative Learning Center is made by a team of individuals to include appropriate school district personnel, parent/guardian, and the student. A student who is being recommended for expulsion for a bomb threat or for possession of any firearm at school or at a school function, to include a rifle or shotgun, is not allowed to participate in the Alternative Learning Center program. Refer to [Board Policy 5500](#).

Student District Network Use

Advances in technology have fundamentally altered the ways in which information is accessed, communicated, and transferred in our society. Such changes are driving the need for educators to adapt their means and methods of instruction, and the way they approach student learning, to harness and utilize the vast, diverse, and unique resources available on the Internet. The District is pleased to provide Internet services to its students.

The District encourages students to utilize the Internet in order to promote educational excellence in our schools by providing them with the opportunity to develop the resource sharing, innovation, collaboration, and communication skills and tools which will be essential to life and work. The instructional use of the Internet will be guided by the Board's policy on instructional materials.

The Internet is an electronic highway connecting computers and users in the District with computers and users worldwide. Access to the Internet enables students to explore thousands of libraries, databases, and bulletin boards, while exchanging messages with people throughout the world. Access to such an incredible quantity of information and resources brings unique challenges.

First, and foremost, the District may not be able to technologically limit access to services through the District's Internet connection to only those that have been authorized for the purpose of instruction, study, and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness, access to the Internet, because it serves as a gateway to any publicly available file server in the world, will open classrooms and students to electronic information resources which have not been screened by educators for use by students of various ages.

The District has implemented technology protection, utilizing software and hardware measures which monitor, block, and filter Internet access to visual displays that are obscene, child pornography, or harmful to minors. Nevertheless, parents/guardians are advised that a determined user may be able to gain access to services on the Internet that the Board has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable, or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. All students will by default have internet access. An internet access Opt Out Form is available upon request (Form 7540.03_F1). Parents/Guardians of minors are responsible for setting and conveying the standards that their children should follow when using the Internet.

Pursuant to Federal law, students shall receive education about the following:

A. Safety and security while using email, chat rooms, social media, and other forms of electronic communications;
B. The dangers inherent with the online disclosure of personally identifiable information; and,
C. The consequences of unauthorized access (e.g., “hacking”) cyberbullying and other unlawful or inappropriate activities by students online

Site managers are responsible for providing training so that Internet users under their
supervision are knowledgeable about this policy and its accompanying procedures. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of the Internet. All Internet users (and their parents if they are minors) are required to sign a written agreement annually, or at the time of enrollment to abide by the terms and conditions of this policy and its accompanying procedures.

Students shall not access social media for personal use from the District’s network, but shall be permitted to access social media for educational use in accordance with their teacher’s approved plan for such use.

Users who disregard this policy and its accompanying procedures may have their use privileges suspended or revoked, and disciplinary action taken against them. Users granted access to the Internet through the District's computers assume personal responsibility and liability, both civil and criminal, for uses of the Internet not authorized by this Board policy and its accompanying procedures.

The Board designates the Superintendent as the administrators responsible for initiating, implementing, and enforcing this policy and its accompanying procedures as they apply to the use of the Internet for instructional purposes.

Please become familiar with the Student Computer and Internet Acceptable Use and Safety Procedures (Policy 7540.03) located here.

**Student Hazing**

Hazing activities of any type are inconsistent with and disruptive to the educational process, and prohibited at any time in school facilities, on school property, and/or off school property if the misconduct is connected to activities or incidents that have occurred on school property. No administrator, faculty member, or other Board employee shall encourage, permit, authorize, condone, or tolerate any hazing activities. No student shall plan, encourage, or engage in any hazing.

Hazing is defined as performing any act or coercing another, including the victim, to perform any act that causes or creates a substantial risk of causing mental or physical harm. "Hazing" includes, but is not limited to, pressuring or coercing the student into violating State or Federal law, any brutality of a physical nature, such as whipping, beating, branding, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or other forced physical activity that could adversely affect the physical health or safety of the student, and also includes any activity that would subject the student to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct that could result in extreme embarrassment, or other forced activity that could adversely affect the mental health or dignity of the student.

Hazing does not include customary athletic events or other similar contests or competitions or any activity or conduct that furthers a legal and legitimate objective. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Administrators, faculty members, and other employees of the Board shall be alert particularly
to possible situations, circumstances, or events that might include hazing. If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer of the prohibitions contained in this policy and shall be ordered to end all hazing activities or planned activities immediately. All hazing incidents shall be reported immediately to the Superintendent.

Students, administrators, faculty members, and other employees who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil and criminal penalties in accordance with law. The Superintendent shall distribute this policy to all students and Board employees, and shall incorporate it into building, staff, and student handbooks. It shall also be the subject of discussion at employee staff meetings or in-service programs.

Administrators, staff members, and volunteers shall not intentionally remain ignorant of hazing or potential hazing activities.

**Student Records**

**Privacy**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (eligible students) certain rights with respect to the student’s educational records. The student’s school records are private and confidential. A student’s parents or guardians, eligible students, school officials with legitimate educational interests, or other individuals or organizations as permitted by law are the only ones who may see student records without the parent’s or guardian's written permission. School records of eligible students, eighteen (18) years of age or older, require the written permission of the eligible student.

**Maintenance of Student Records**

Each school shall maintain a permanent cumulative record for each student enrolled in the school which shall contain the data as prescribed by Rule 6A-1.0955, FAC. Each student’s cumulative record shall contain the following types of data:

1. **Category A Records, Permanent Information**
   a. Student’s full legal name.
   b. Authenticated birth date, place of birth, race and sex.
   c. Last known address of student.
   d. Name(s) of student’s parent(s) or guardian(s).
   e. Name and location of last school attended.
   f. Number of days present and absent, date enrolled, date withdrawn.
   g. Courses taken and record of achievement, such as grades, credits, or certification of competence.
   h. Date of graduation or date of program completion.

2. **Category B Records, Temporary Information**
   a. Health information, family background data, standardized test scores, student discipline records, educational and vocational plans, honors and activities, work experience reports, teacher/counselor comments.
b. Reports of student services or exceptional student staffing committees including all information required by Section 1001.42, Florida Statutes.
c. Correspondence from community agencies or private professionals.
d. Driver education certificate.
e. A list of schools attended.
f. Written agreements of corrections, deletions, or expungements as a result of meetings or hearings to amend educational records.
g. Such other records of educational importance as the school shall deem necessary.

Category A and B records shall be maintained in compliance with the approved district records retention schedule.

Individual exceptional student records shall be kept separate from regular cumulative records. These records shall be sent to each succeeding school the student attends in the district and shall be maintained in accordance with the approved district records retention plan.

Periodic review for elimination of outdated information in student records by the custodian or designees shall be made in accordance with Section 1001.52, Florida Statutes, and the approved district records retention plan. Such review shall be made on a regular basis. The custodian of the student records shall be responsible for maintaining the accuracy of information. All records of expulsions will be expunged by the custodian of the record upon graduation of the student or the date the student would have graduated unless an outstanding request to inspect and review the record has been made. Explanations placed in the education record and the record of access shall be maintained for as long as the education record to which it pertains is maintained. This procedure must be implemented before records are released to any vocational-technical centers, community colleges, or institutions of higher learning in which the student or student seeks or intends to enroll.

No report or record relative to a student which includes a copy of the student’s fingerprints will be maintained by the district.

School District Access to Student Records

1. Student records shall be available only to students and their parents, eligible students, designated school officials and personnel, to such other persons as the parent or eligible student authorizes in writing, a court of competent jurisdiction, or to other individuals or organizations as permitted by law. The term “parents” includes legal guardians or other persons standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child).

2. Schools may, without consent of parents, guardians, or eligible students, provide access to school officials to perform an administrative, supervisory or instructional tasks, or to perform a service or benefit for the student or the student’s family and psychologists within the School district providing they have legitimate educational interest.

3. Classified employees may be designated by the Principal for the purpose of doing clerical work and maintaining student records. However, such persons shall receive in-service training concerning the confidentiality of student records and work under the supervision and control of a professional staff member.

Parent or Guardian Access to Student Records

1. The district presumes that the eligible student or either parent/guardian of the student has the right to inspect and review the educational records of the student or eligible student unless the School Board, its staff, or the individual school has been provided a legally binding instrument or court order governing such matters as divorce, separation, or custody which provides to the contrary.

2. In instances where records are opened to parents, guardians or eligible students, schools shall make available a member of the professional staff to interpret the record and shall provide copies, at the current district copy rate, upon request.

3. Parents, guardians and eligible students may waive their right of access to confidential letters or statements of recommendations or evaluations. Such waiver shall be made in writing to the custodian of the records and shall be signed by the parent, guardian, or eligible student. Such waiver shall apply to recommendations or evaluations only if:
   a. The parent, guardian, or eligible student is, upon request, notified of the names of all persons submitting confidential letters or statements; and
   b. Such recommendations or evaluations are used solely for the purpose for which they were specifically intended.
   c. The waiver of right of access may be revoked in writing with respect to actions occurring after the revocation.
Disclosure of Student Record Information

Students Eighteen (18) Years of Age or Older

Whenever a student has attained eighteen (18) years of age, the permission and consent required of and rights accorded to the parents of the student as to student records, shall thereafter be required of and accorded to the eligible student only, unless the eligible student is a dependent eligible student of such parents or guardians as defined in Title 26 U.S.C. Section 152 of the Internal Revenue Code of 1954. The school district may, in this instance, disclose personally identifiable information from the education records to parents or guardians without the prior consent of the dependent eligible student.

Please School Board of Brevard County, Florida Policy 8330, Student Records, for more specific information regarding FERPA and student records.

Disclosure—Health or Safety Emergencies

Disclosure of personally identifiable student information may be made by school officials in the event of health or safety emergency. Such emergency situations shall be declared in writing to the Superintendent by a recognized legal official with authority to declare such an emergency. The declaration of a health or safety emergency shall include the need for specific personally identifiable student information, the time requirements for the information, and the parties to whom the information is disclosed who are responsible for utilizing the information to deal with the emergency.

Family Educational Rights and Privacy Act (FERPA) Notice for Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Brevard Public Schools, with certain exceptions, obtain a parent’s written consent prior to the disclosure of personally identifiable information from a child’s education records. However, Brevard Public Schools may disclose appropriately designated “directory information” without written consent, unless parents have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Brevard Public Schools to include this type of information from a child’s education records in certain school publications. Examples include:

- A playbill, showing your student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. Directory information can be released without consent of parents, but the district uses extreme discretion when releasing any information to an
outside source.

In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent.

If a parent does not want Brevard Public Schools to disclose directory information from their child’s education records without prior written consent, a parent must notify the District in writing by 15 business days after enrollment in a school. The opt-out form for notifying the district that you want to restrict the release of directory information may be obtained at a school or on the district’s website. If the signed form is not received by a school within 15 business days after enrollment, it will be assumed that Brevard Public Schools has your permission to use a child’s information as described in this notice. This permission will remain in effect at a school until a parent completes an opt-out form or the student is withdrawn.

Brevard Public Schools, as outlined in School Board Policy 8330-Student Records, has designated the following information as directory information:

- Student’s name
- Address
- Telephone number, if it is listed
- Date and place of birth
- Participation in officially recognized activities and sports
- Height and weight, if a member of an athletic team
- Dates of attendance
- Date of graduation or program completion
- Awards received

**Student Photograph, Video, and Original Work**

Brevard Public Schools obtains a parent’s written consent prior to publicly displaying a student’s photograph, image in a video or original work in any media format, including the Internet. The primary purpose of obtaining written consent is to allow Brevard Public Schools to include student images for a variety of purposes in accordance to School Board rule, policies and procedures.

Examples include:

- Yearbooks
- School Newspapers
- Award Announcements

When created and kept by a school or district, photos, videos, and other media directly related to a specific student are considered part of a student’s education records and, therefore, if a school or district discloses these images, they must comply with FERPA.

**Brevard Public Schools exercises extreme caution when displaying information such as identifiable pictures and considers student safety first before publishing any image.**
If a parent does not want Brevard Public Schools to publish photographs, videos or original work without prior written consent, a parent must notify the District in writing by 15 business days after enrollment in a school. The opt-out form, as mentioned above, may be used by parents to restrict the use of a student’s image. The opt-out form may be obtained at a school or on the district’s website. If the signed form is not received by a school within 15 business days after enrollment, it will be assumed that Brevard Public Schools has your permission to use a child’s image as described in this notice.

This permission will remain in effect at a school until a parent completes an opt-out form or the student is withdrawn.

Record of Disclosures

Record of any requests or disclosures of personally identifiable student information shall be maintained except for disclosures to parent, guardian or eligible student, disclosure of directory information, or to any other school officials with a legitimate educational interest. The record of requests for disclosure shall include the following: the parties who have requested or obtained personally identifiable student information and the legitimate interests of the persons requesting or obtaining the information.

Protection of Pupil Rights Amendment (PPRA) affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

1. Consent before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED):
   a. Political affiliations or beliefs of the student or student’s parent;
   b. Mental or psychological problems of the student or student’s family;
   c. Sex behavior or attitudes;
   d. Illegal, anti-social, self-incriminating, or demeaning behavior;
   e. Critical appraisals of others with whom respondents have close family relationships;
   f. Legally recognized privileged relationships, such as with lawyers, doctors or ministers;
   g. Religious practices, affiliations or beliefs of the student or parent; or
   h. Income, other than as required by law to determine program eligibility.

2. Receive notice and an opportunity to opt a student out of:
   a. Any other protected information survey, regardless of funding;
   b. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agents, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
   c. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.
3. *Inspect*, upon request and before administrator or use:
   a. Protected information surveys of students;
   b. Instruments use to collect personal information from students for any of
      the above marketing, sales, or other distribution purposes; and
   c. Instructional material used as part of the educational curriculum.

**Hearing Procedure to Correct Student Records**

**Informal Procedures for Challenging Records**

School officials shall provide requesting parents, guardians, or eligible students an opportunity
for a hearing to challenge the content of their child’s or the eligible student’s school record,
to insure that the records are not inaccurate, misleading, or otherwise in violation of the privacy
or other rights of the student, and to provide an opportunity for correction or deletion of any such
inaccurate, misleading, or otherwise inappropriate data contained therein.

1. Whenever a parent, guardian, or eligible student believes the content of the student
   record is inaccurate, misleading, or a violation of their privacy, they may request an
   informal meeting with the custodian of the record for the purpose of requesting the
   correction, deletion, or expunction of any inaccurate, misleading, or otherwise
   inappropriate data or material in the student record.

The written response shall be filed in the education records of the student.

Transfer of Student Records

Records Transfer

When a student previously enrolled in a Brevard County Public School transfers out of the Brevard County School District to another school within the State or out of state, the Principal, upon written request of the Principal of the receiving school, the parent, guardian, or eligible student, shall immediately transfer a copy of the student’s cumulative record containing Category A and Category B information to the requesting school. The Board authorizes the administration to forward student records on request to a school or school district in which a student of this District seeks or intends to enroll upon condition that the student’s parents be notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing to challenge the content of the record. The school shall retain the originals of Category A and Category B information in its files. Category B (Exceptional Student Education Audit File) originals will also be retained. Category B health and testing information shall be retained if it is related to a weighted or categorical program placement which is subject to audit.

2. Original student record files, which are retained, will be held by the Principal, who is the custodian of the records for the period of time specified in the Records Management Manual. Category A student records and Category B (Exceptional Student Education Audit File) beyond the specified time after the student leaves the district will be forwarded to the appropriate district office. When a request comes to the school for student records after the files have been sent to the district office, the written request should be forwarded to the appropriate department. Based upon reasonable requests, viewers of educational records will receive explanation and interpretation of the records. Records Management will make copies of the student’s file at the current established rate.

Destruction of Student Records

Notice to Parents

Brevard Public Schools maintains student records in accordance to requirements outlined by the Florida Department of Education and the State of Florida’s General Records Schedule. The District will maintain permanent student records at the last school the student attended for three (3) years after the student leaves the school district. Following the three-year period, the records are scanned to digital images and stored electronically. The original record is then destroyed as outlined by School Board Policy and state law.

Exceptional Student Education Records

Parents are notified regarding the retention time of exceptional student education (ESE) records through the Code of Student Conduct and through the IDEA Procedural Safeguards
Notice.

It is administrative procedure in School Board of Brevard County, Florida to maintain ESE student records for five (5) years after the student’s transfer out of the ESE program (termination of all exceptional education programs), parental refusal of admittance to the ESE program, graduation with a standard diploma, or withdrawal of the student from the school district. Withdrawal from the school district means that the student is no longer enrolled in any elementary or secondary school in Brevard County (including all elementary and secondary private schools in Brevard County and including students living in Brevard County who are enrolled in a home education/home school program). ESE students who graduate with a diploma a standard diploma with access points, will have their ESE records retained through the school year in which they turn 27 years of age.

Exceptional Student Education (ESE) records are maintained by schools in an ESE audit file for each ESE student. ESE records are considered to be Category B records but have a longer retention period than other Category B records. For purposes of records retention, gifted student audit files are considered ESE records. Schools are responsible for annually selecting and destroying the ESE records at their site in compliance with these administrative procedures.

Parents are encouraged to form car pools to reduce congestion during opening and dismissal periods. The safety of children is a primary concern of the school. Those persons who drive vehicles on or near school property should exercise caution at all times.

**Bicycles**

An area is provided for the parking of students’ bicycles. The school is NOT responsible for damage to or theft of any bicycle brought to school. Bicycle safety and pedestrian safety will be covered in health and safety education.

Each parent should make sure that children know the procedure they should follow when it is
raining at dismissal time. It is not possible for the school to contact every home for the child to get instructions or for every child to call home from the school office.

**Riding the School Bus**

The declaration must acknowledge that terminating school enrollment is likely to reduce the student’s earning potential and must be signed by the student and his or her parent or legal guardian.

In accordance with Section 1003.21, Florida Statutes, when a student is terminating school enrollment, the student’s guidance counselor or other school professional must conduct an exit interview with the student to determine the reasons for the student’s decision to terminate school enrollment and actions that could be taken to keep the student in school. The student should also complete an Exit Interview Student Survey, which was prescribed by the Department of Education to provide data on student reasons for terminating enrollment and actions taken by schools to keep students enrolled. The Exit Interview form and the Exit Interview Student Survey are available to school personnel online at the BPS website.

Whenever a student under the age of eighteen (18) withdraws from school without moving out of state, transferring to another approved school, being granted an age and schooling certificate, or enrolling in and attending an approved program, the Superintendent or designee shall notify the registrar of Motor Vehicles and the Judge of the Juvenile Court.

Zero Tolerance for School-Related Crime

Important

Respect for law and for those persons in authority shall be expected of all students. This includes conformity to school rules as well as general provisions of law affecting students. Respect for the rights of others, consideration of their privileges, and cooperative citizenship shall also be expected of all members of the school community.

Respect for real and personal property; pride in one's work; achievement within the range of one's
ability; and exemplary personal standards of courtesy, decency, and honesty shall be maintained in the schools of this District.

The Board has zero tolerance for conduct that poses a serious threat to school safety. Zero tolerance policies must apply equally to all students, and are not intended to be rigorously applied to petty acts of misconduct and misdemeanors. This zero tolerance policy does not require the reporting of petty acts of misconduct and misdemeanors to a law enforcement agency. Petty acts of misconduct, include, but are not limited to, disorderly conduct, disrupting a school function, simple assault or battery, verbal abuse or use of profanity, cheating, theft of less than $300, trespassing, and vandalism of less than $1,000, possession or use of tobacco, and other school-based offenses delineated in the Student Code of Conduct.

Florida law requires that students found to have committed one of the following offenses:

A. Bringing a firearm or weapon, as defined in Chapter 790, Florida Statutes, to school, to any school function, or onto any school-sponsored transportation, or possessing a firearm at school; or
B. Making a threat or false report, as defined by Sections 790.162 and 790.163, Florida Statutes, involving school or school personnel’s property, school transportation, or a school-sponsored activity;

Shall be expelled, with or without continuing educational services, from the student’s regular school for a period of not less than one (1) full year, and that the student shall be referred to the criminal justice or juvenile justice system.

The District shall enter into agreements with local law enforcement specifying procedures so that acts that pose a serious threat to school safety, whether committed by a student or adult, are reported to a law enforcement agency having jurisdiction.

Those acts that pose a serious threat to school safety include, but are not limited to:

A. Possession of firearms or other weapons;
B. Placing, discharging, or throwing an explosive item or noxious substance or making threats to do so;
C. Arson; and
D. Felony assault.

The Superintendent may consider the one (1) year expulsion requirement on a case-by-case basis and request that the Board modify the requirement by assigning a student to a disciplinary program or second chance school. The Superintendent's request for modification must be in writing, and the Board may approve the request if it is determined to be in the best interest of the student and the school system. If a student committing either of the offenses enumerated above is a student who has a disability, the Board shall comply with applicable State Board of Education rules for discipline of such students.

Notwithstanding any other provision of Board policy, pursuant to Section 1006.13(5), Florida Statutes, any student found to have committed an act of assault or aggravated assault, or battery or aggravated battery, on any elected official of the School District, teacher, administrator, or other School District personnel, shall be recommended for expulsion or placement in an alternative school setting, as appropriate, for a minimum period of one (1) year. Upon being
charged with such offense, the student shall be removed from the classroom immediately and placed in an alternative school setting pending disposition.

The Code of Student Conduct that is adopted annually shall provide for review of a decision to suspend or expel a student pursuant to this policy and the Code, consistent with Section 1006.07, Florida Statutes.

Furthermore, if the Board receives notice from the Department of Juvenile Justice, as required by law, that a student enrolled in the District has been adjudicated guilty of or delinquent for, or is found to have committed, regardless of whether adjudication is withheld, or pleads guilty or nolo contendere to, a felony violation as set forth in Section 1006.13(6)(a), Florida Statutes, the Board shall, pursuant to the adopted cooperative agreement with the Department of Juvenile Justice, require that any no contact order entered by a court be enforced and that all of the necessary steps be taken to protect the victim of the offense, or a sibling of the victim.

Students may be subject to discipline for violation of the Code of Student Conduct even if that conduct occurs on property not owned or controlled by the Board but that is connected to activities or incidents that have occurred on property owned or controlled by the Board, or conduct that, regardless of where it occurs, is directed at a Board official or employee, or the property of such official or employee. Student conduct shall be governed by the rules and provisions set forth in the Code of Student Conduct which is reviewed and adopted whenever revisions are proposed in accordance with Chapter 120, Florida Statutes.

**Damage Fees**

All reasonable efforts shall be made to collect for damaged or lost library books or textbooks. At the discretion of the Principal, exceptions may be granted where there are extenuating conditions or where a severe injustice will be inflicted upon the child. Under no conditions shall transfer of a student’s cumulative record be delayed or denied for failure to pay any fine or fee assessed by the school. Progress reports to parents (report cards) may not be withheld for failure to pay a fine, fee, or an assessment for lost or damaged books.
