July 21, 2020

Dear Bobcat Families,

We hope that your family is having a safe and enjoyable summer. The start of the 2020 – 2021 is rapidly approaching, and your family may have questions about the available options for school enrollment. The anticipated start date will be August 24th. The Brevard County School Board approved a re-opening plan on July 14 that presented several options for elementary school students. Please review the enrollment options below and contact us if you have questions.

To help us prepare for the upcoming year we ask that you read this letter thoroughly and take the survey linked at the bottom of this letter. Please take the survey only once. We ask that every Golfview Elementary family take this survey one time by Friday, July 24 so that we can prepare for our students’ needs for the upcoming year.

Full-Time Enrollment Options:

1. **Full-time live instruction at Golfview Elementary:** Students will attend classes on campus with a teacher for face to face instruction. Following CDC guidelines and protocols, students will attend activity, lunch, breakfast and outdoor physical activities. Masks will be strongly encouraged for all persons on campus. Masks will be provided for students who forget their masks or don’t have one.

2. **E-Learning:** Students will be enrolled at Golfview Elementary for online instruction with Golfview teachers. Students will access the course materials from home at the same time the course it taught live on campus; this means that students will follow their regular school day schedule for instruction. Students will be able to enjoy continuity with their Golfview teachers and curriculum when/if they decided to return to campus full-time. Some E-Learning activities may require students to complete tasks in person from time to time, such as assessments and hands-on components. These activities will be administered following CDC guidelines and protocols.

3. **Full-time Brevard Virtual School (BVS):** Students will be withdrawn from Golfview and will be enrolled in Brevard Virtual School full time. Courses will be taught by Brevard teachers using the Florida Virtual School Curriculum. BVS course times are flexible and students are able to work at their own pace when and how it is best for them. Course credits will transfer if/when the student wishes to return to Golfview.

If you would like to discuss any of these enrollment options, you can reach our staff at 321-633-3570. We understand that every family’s situation is unique, and we are ready to help you determine the best enrollment option for student.
