

Hoover Middle School is excited to present: Launch STEM Careers Club

Launch STEM Careers Club is designed to inspire, encourage, and educate **female** students to pursue careers in Science, Technology, Engineering, and Math (STEM)

What will the girls be doing: Participating in hands-on activities that introduce them to the different STEM technical fields they can pursue. Examples include rocket launches, computer coding, circuits.

Who will be the mentors: Melbourne High computer science & STEM club students who will be trained by NASA and Thales Corporation female STEM professionals. Ms. Stephanie Yancey will be the teacher leader for this club.

Who are the participants: The program is open to all **girls** in Grades **7 and 8** who are interested.

Where: At Hoover Middle School

Meeting Dates:

- October 15th, 2019 from 11:30am-1:00pm**
- December 10, 2019 from 11:30am-1:00pm**
