Former Raider Returns

This past week former Raider, Gary Stephenson returned to the Rock to talk to our HELM Maritime Academy Students. Mr. Stephenson is now the COB (Chief of the Boat) for the USS San Juan, a nuclear submarine in the United States Navy. He shared his journey from RHS student to where he is today and encouraged our HELM students to take every opportunity that the program has to offer them. He affirmed the technology available to them and the training provided can open many doors to their future. Thank you Mr. Stephenson for bleeding Raider Blue while you serve our country.

GRAD BASH ADDS ANOTHER BUS!

Okay seniors - we sold enough grad bash tickets to open up a 4th bus and extend ticket sales to grad bash 2020 until Tuesday, March 10th. This is the final deadline for me to order the tickets and there can be no extension beyond that date but it does mean that anyone still interested in going can get themselves a ticket up until that time or until the 4th bus is full. Tickets will be sold during both lunches each day until March 10th or until the 4th bus is full. Remember that seniors on the monies owed list still must clear those debts before buying a ticket and I need all seniors going on the trip to remember to turn in the red permission form too.

Important News, Notes, and Dates

- Congratulations to the two Rockledge orchestras for their performances at the Florida orchestra association district assessment. The concert orchestra earned excellent ratings with a superior in sight reading. The chamber orchestra earned superior ratings, qualifying for the state assessment later this year.
- The second blood drive of the year at the rock will take place next Wednesday, March 11th. Anyone 16 and over may sign up and parent permission is required for all. In addition to pizza, a t-shirt, and a warm fuzzy feeling for helping, we are now able to award five volunteer hours for one donation! Sign up in the café during lunch or room 34-210 before or after school.
• Seniors it’s finally time - prom tickets go on sale Tuesday, March 24th, through Monday, March 30th. They will be on sale in coach Reneau’s room 34-202 each morning before school from 8:15 - 8:40 and after school from 3:30 - 4:00. Cost is $50.00.

• The RHS Environment Club participated in FreshFest held at Cocoa Village Park on Sunday, March 1st. They had a booth that included information about their club mission and some of the projects in which they have participated. These include beach clean-ups sponsored by ‘Keep Brevard Beautiful,’ campus clean-ups and volunteer hours at ‘Sam’s House’ on Merritt Island. They illustrated the process of making seed paper and had an Environment Quiz wheel that had participants answer questions about water, local flora and fauna, lifestyle choices that impact the environment and waste - what it is and where it goes! The students who were at the booth engaged with the public, shared their mission of a greener future world and answered questions.

• Congrats to each of our State Qualifier Raider Wrestler’s Jordan Love, Devon Krajewski and Khalil Mitchell. Jordan had a tough draw day 1 but powered through wrestle backs and finished 3rd overall in class 1A! An amazing accomplishment. Both Devon and Khalil won exciting matches and competed against the state’s best. Their season came to an end on day 1 but not without tons of accolades throughout the season. Thank you fellas for representing RHS to the highest standard on the mat, in the classroom and in the community. Raider Pride!

Rockledge High School Recognized as Demonstration Center for Prestigious Cambridge Assessment International Education Program

Rockledge, Florida - 02/27/2020: Rockledge High School has been recognized by Cambridge Assessment International Education as a Demonstration Center. Demonstration Centers serve as models of excellence for the implementation of the Cambridge Pathway program and host showcase events for teachers, school administrators and district leaders who are interested in learning about Cambridge International.

Each year, Cambridge International authorizes a very small number of Demonstration Centers following a rigorous application process. Schools must describe how they meet the criteria in five key areas, such as educational values; inclusive teaching and learning, and exemplary leadership and management.

“We are excited that Rockledge High School is becoming one of the first Demonstration Centers in the United States, and look forward to showcasing the exemplary work of the school leaders, educators, and students,” said Mark Cavone, Regional Director for Cambridge International, North America. “Rockledge has a long history of successfully implementing the Cambridge Pathway, resulting in strong results for students.”

Cambridge International is dedicated to helping schools deliver the best education possible by providing comprehensive support, including teacher professional development and training, classroom resources and membership of a global learning community.
“We are honoured and humbled to have been recognized with this prestigious designation. It is truly a testament to the amazing students and teachers that make up our Cambridge program and it would not be possible without the support we receive from Cambridge International. We are looking forward to sharing what we do and even more so, what Cambridge does for our students.”
