

Food & More is excited to share our news that we will be extending our Summer 2019 Feeding Program to more areas of North Brevard County. We need your help to find out where the children will be this summer so we can bring a food distribution location close to you.

What you need to know: Food & More distributed food last summer to two areas in North Brevard. One was in East Mims and the other, in Scottsmoor. This summer we plan to include children in South Titusville all the way to Scottsmoor and we will provide a distribution location where we know that there is a cluster of children who will benefit from a fresh lunch in that area. If there aren't enough children in a specific area to warrant a distribution point of their own, we can provide you with the location closest to you to consider visiting.

Lunches will be handed out Monday through Fridays from June 3 to August 9, 2019, except for July 4<sup>th</sup>. Each lunch will consist of a fresh sandwich (always a choice between at least 2), fresh item (fruit or vegetable), and a snack. At times, there may be an additional type of main item that the child can choose from and there will be bottled water available in some areas, as well.

When we create a distribution location, we will be considering the safety of your children. We will not have a distribution point where children need to cross major roads or where there is a known impediment to your child's ability to access our location. Sometimes, they may be in the middle of a neighborhood.

All CHILDREN can benefit from this program. It does not matter what grade of school the child will be going into in the fall. There are not financial criteria needed to be able to participate. However, we won't be able to make special allowances for food allergies or provide food to children too small to swallow the food we offer. We are not feeding adults.

This program is provided by donations given to Food & More. We are a non-profit, all volunteer, group that is under the umbrella of Hope for North Brevard, Inc., a 501(3)(c) corporation. Our volunteers who directly deal with the children are background checked by Brevard County Schools and/or Brevard County Parks & Recreation.

Attached is the survey to be completed by April 18, 2019 and returned to your child's school OR if you prefer you may mail it to:

Food & More, P.O. Box 2214, Titusville, FL 32781-2214.

We gladly accept donations. Please visit us at [www.foodmore.org](http://www.foodmore.org)
