November 20, 2020

From the desk of . . .
Mrs. Stephanie Hall, Principal

Dear Parents and Students,

Once again we had a memorable Veteran's Day Celebration. Special thanks to Mrs. McGill and our Sea Park staff for their hard work preparing this special event to continue our tradition of honoring our veterans. Sea Park students had the opportunity to participate in this virtual event honoring veterans from all branches of the military.

We would like to welcome sixth grade teacher Jennifer Cogswell back from her maternity leave and thank Kimberly Tanner for taking care of our sixth grade students in her absence. Amy Weir has come aboard as our new Gifted Student Teacher.

Thank you for continuing to follow safety protocols and procedures to keep our students safe. This is a reminder that the front car loop is the drop off for VPK and Kindergarten students and the west car loop is for first – sixth grade students. If you have any dismissal changes, please send them in writing. We are not able to take changes over the phone.

A special thanks to our Cafeteria staff for preparing a delicious Thanksgiving feast for our students and staff. **Student/teacher holiday is November 25th – 27th.** On behalf of the Sea Park staff we would like to wish our Sea Park families a wonderful and safe Thanksgiving holiday.

Sincerely,
Stephanie Hall

Youth Leadership 2020-2021

SUPPORT "McTEACHER" NIGHT

Please come support Sea Park's McDonald's
"McTeacher" Night.

Tuesday, December 8th

Come support our school
McDonald's in Satellite Beach on A1A
from 5-7 PM!

Mark Your Calendar!

November 23	SAC Meeting 3:15 PM
November 25	Teacher / Student Holiday
November 26-27	School and Office Closed for Thanksgiving
December 1	End of Second 4 ½ Weeks
December 1	Vision/Hearing Screening
December 2	Individual Picture Retakes
December 4	Early Release 1:15 PM
December 8	McDonald's "McTeacher" Night 5-7 PM
December 8	Interims Posted

Starfish Brevard After School will be closed on November 25-27, 2020 in celebration of the Thanksgiving Holiday.

Mission – To serve every student with excellence as the standard.

Vision – Brevard Public Schools will serve our community and enhance students' lives by delivering the highest quality education in a culture of dedication, collaboration, and learning.

Picture retakes will take place on **December 2nd** If you received a package and would like the pictures retaken, please have your child hand the package to the photographer on “picture retake day.” If your child’s picture was not taken, and you would like a package of school pictures, please go online <https://vando.imagequix.com/g1000800006#login> and enter either the student ID number or keyword “Sea Park ES”.

NOVEMBER'S GOOD CITIZENS

This month's theme was
INTEGRITY

Ms. Bloom – Rowyn Myers
Ms. Heater - Stella Welch

Ms. Morris - Esther/Josephine Dobbin
Ms. Schexnayder - Amerinna Purnhagen

Ms. Martin – Sanoe Liebman
Ms., Wailes – Charlotte Reed

Ms. Kihlander - Alayah Williams
Ms. Trejo - Allison Verica
Ms. Kaye - Mason Bishop

Ms. Nash - Corey Heminway
Ms. Thron – Donalyn Purnhagen

Ms. Clifford - Race Ramsey
Ms. Tanner - Emma Sansosti

We would like to express our gratitude to these Partners in Education (PIE) for their generous contributions to our Good Citizen of the Month Celebrations. Pizza Vola, Trinity Wellspring, Texas Roadhouse & Mimi's Crafts.

Vision/Hearing Screening 12/1/20

Just a friendly reminder if your student wears glasses Please remind them to bring them to the screening on 12/1/20.

**Science Boards
are on sale in the office.
The cost is \$3.00 CASH.**

Science Fair Tips.....Be Like a Scientist

The following are five easy ways to strengthen the scientific quality and increase the competitiveness of your science project:

Think, Do, & Report in Metric

Scientists use the metric system. Learn about the metric system. Make all measurements with metric tools. Report results on tables, graphs, and in written discussions in metric units!

Keep A Detailed Log

Scientists keep careful, detailed records of activities and findings. Use a notebook or a booklet to write down everything you've done on your project each day. Go into detail!

Construct & Display Data Tables

Scientists share their results. Data tables should be constructed neatly and posted on the display board. Present your data clearly.

Include Graphs of the Results

Scientists analyze data. Many elementary science display boards are missing important graph results.

Repeat the Experimentation As Much As Possible

Scientists replicate, replicate, and replicate! Conclusions are more convincing if the results can be reproduced over and over again.

We

Our Teachers & Staff!

Dear Sea Park Families,

Our Sea Park teachers and staff are simply the BEST! To show our appreciation we are asking your help in providing a small donation so that we can fill the teacher's lounge with snacks and treats. Each month will be sponsored by a different Sea Park grade so we can continue to show our support.

Our 3rd Grade Families will sponsor our event on Wednesday, December 2nd.

Please review the available slots on our sign up genius link (also provided via email by your grade teachers). Any donation is greatly appreciated and happily received. Due to COVID restrictions, we will have a designated coordinator that will have a cart waiting outside the front office to receive food items on Wednesday, December 2nd from 7:30-8:00 AM.

Non-perishable items may be collected in the classroom. Please contact us at seaparkpto@live.com if you have any questions. Thanks for your support!

With Gratitude,
Your Sea Park PTO
