From the desk of . . .  
Mrs. Stephanie Hall, Principal

Dear Parents and Students,

It is so good to see children on campus again!

Our enrollment continues to increase, which we can now boast, we are not the smallest school in Brevard!! We have about 75% brick and mortar students with 25% E-learning students. Thank you to the e-learner students and parents for your patience as we have worked through several kinks with technology. We have ordered webcams for teachers to improve the audio/video.

We have three parent positions open on the School Advisory Council which meets once a month for about an hour. If you are interested in serving on this committee, which provides feedback to administration regarding goals for the school, please email me at [hall.stephanie@brevardschools.org](mailto:hall.stephanie@brevardschools.org).

Thanks to everyone for being flexible with the changes to arrival and dismissal procedures and providing me feedback. I am here to serve our Sea Park community, so feel free to reach out to me and share any ideas or concerns you may have. I welcome your input. Here at Sea Park, every student matters and every moment matters.

Sincerely,

Stephanie Hall, Principal

## Military Life Program in the Brevard County Schools

To our active military families:

We are a counseling support service available for students present at your child's school. The children that are eligible are ones that have at least one parent that is active military status, currently. This is an opportunity for your child to receive counseling & support in the school environment.

These services are provided by a Licensed Mental Health Counselor, by Arleen McEntee Francis. To contact this MFLC, please request a consult by contacting Sarah Schroeder at (321)779-2050 ext. 51023.

## Access to Resources and Services in the School Library Media Program

Your school has a wonderful room that houses information on lots of topics, with something special for everyone. That room is the library media center. In it you will find what our school board recognizes as "the center" of the educational program of the school. It provides materials and services that meet academic, technical, personal and social needs of the school community."

In meeting these needs, the media selection policy makes available a wide range of materials on varying levels of difficulty, with something to appeal to everyone. Many religious, ethnic, and cultural groups are represented in the school library, and specific criteria are used in considering items to be included. Because libraries are forums for information and ideas, books are provided for the interest and enlightenment of all students and teachers.

Many of these books are on various reading program lists, such as **Sunshine State Young Readers' Awards, Accelerated Reader, Reading Counts, and Florida Teens Read**. Some of these lists also include recommended reading levels. These **reading levels are determined by companies that are selling the book product, and they do not necessarily reflect the appropriate chronological age, developmental age, maturity level, or family values for all students**. As with all other aspects of a student's education, parents are encouraged to be involved in a student's book selections. The books in the media center, whether part of a specific reading program or not, are available for the review of all patrons, but are specifically recommended for none.

Since reading is vital to success in our world, and since we know that the best readers are those who have parents that are involved in their education, we encourage parents to read and review the books your student selects. Come in and visit. Browse the collection of your school media center. You may find just the right book to share with your child.
