

September 8, 2022

Dear Parent or Guardian:

In an effort to ensure that all students in Brevard Public Schools are provided the highest quality education by effective and skilled teachers, we are continually working to make sure all teachers of core academic subjects meet State certification requirements. Core academic subjects include English, reading, language arts, mathematics, civics/government, economics, geography, history, science, foreign languages, and the arts. In order for teachers to meet certification requirements, they must have a Bachelor' degree or higher, have full State certification, and demonstrate knowledge of the academic subject area(s) in which they teach.

Although the school district makes every effort to hire teachers that meet State teacher requirements, we would like to inform you that your child's teacher, Mrs. Marta Deese although properly licensed to teach in the State of Florida, is currently classified as out of field for the subject matter they are teaching. Mrs. Deese is currently working to meet full certification requirements, and the school district has full confidence in his/her ability to teach your child effectively.

In addition, North/Central Alternative Learning Center is providing on-going assistance to Mrs. Deese to support student achievement in your child's school.

If you have any questions regarding Mrs. Deese's qualifications, please feel free to contact me.

Sincerely,

School Principal
