

North / Central Alt. Learning Center

301 Grove Blvd.
Merritt Island, FL 32953

October 2, 2023

Dear Parent or Guardian:

In an effort to ensure that all students in Brevard Public Schools are provided the highest quality education by effective and skilled teachers, we are continually working to make sure all teachers of core academic subjects meet State certification requirements. Core academic subjects include English, reading, language arts mathematics, civics/government, economics, geography, history, science, foreign languages, and the arts. In order for teachers to meet certification requirements, they must have a bachelor's degree or higher, have full State certification, and demonstrate knowledge of the academic subject area(s) in which they teach.

Although the school district makes every effort to hire teachers that meet State teacher requirements, we would like to inform you that your child's teacher, Mrs. Mirabito although properly licensed to teach in the State of Florida, is currently classified as *out of field* for **(Biology)** matter they are teaching. Mrs. Saundra Mirabito is currently working to meet full certification requirements, and the school district has full confidence in her ability to instruct your child effectively.

In addition, North/Central Alternative Learning Center is providing on-going assistance to Mrs. Mirabito so that she continues to support student achievement in your child's school.

If you have questions about Mrs. Mirabito's qualifications, please contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rebecca Tagye".

Ms. Rebecca Tagye
Assistant Principal
