CEEB/ACT Code # 101853

Administration

Ms. Jacqueline Ingratta, Principal

Dr. Julia Diakakis, Assistant Principal

Mr. Nicholas Stewart, Assistant Principal

Guidance Department

Mrs. Kristi Cooper-Denton, Counselor

Ms. Danielle Taylor, Counselor

Mrs. Cheryl Krestan, Counselor

Mrs. Tracy Hardy, Testing Coordinator

Ms. Brandy Cofer, College and Career Specialist

Our Mission

To provide a positive and safe environment for all students with a challenging curriculum, with high expectations for student achievement, with emphasis on critical thinking skills, problem-solving skills, a sound knowledge base, and lifelong learning skills.

Our Vision

To seek excellence in who we are, what we know, and what we do.

The School of Choice

Edgewood Jr./Sr. High School is located in Brevard County, which borders the Atlantic Ocean, near the middle of the Florida Peninsula. Edgewood serves 950 students in grades 7 through 12. The school houses 88 faculty and staff members with an 18:1 student-teacher ratio. Edgewood is a public School of Choice that has served the area since 2001 and is accredited by Cognia (Formally known as Southern Association of Colleges and Schools). In 2008, Edgewood was recognized as a National Blue-Ribbon School of Excellence. In 2009, Edgewood earned its National Senior Project Certification. In February 2014, Edgewood was recognized as a National Model PLC School. In January of 2017, the U.S. Department of Education nominated Edgewood for the National Blue Ribbon a second time. In May of 2018, Edgewood was named a Suicide Prevention School. In 2022, according to US News and World Report, Edgewood Jr./Sr. High School in Merritt Island, Florida, ranked 113th nationally and 14th in the State of Florida. In 2022, the Washington Post ranked Edgewood as the 23rd most challenging high school in the nation. Edgewood was awarded Florida Arts Model School status in the areas of Music and Visual Arts. Edgewood is also recognized as a Florida Power Library School.

The students of Edgewood share a common goal of high academic achievement, and they thrive in an environment with fewer students than most high schools. All middle school courses are taught at an advanced level, and high school courses are offered at the honors or advanced placement levels. Additionally, students are expected to meet the graduation requirements for a Diploma of Distinction. This includes additional coursework, a senior project, and 25 hours of service learning per year. The student's parent/guardian must also volunteer for the school at least 20 hours per year. Another unique focus for Edgewood is the homeroom concept; in 7th grade, students are assigned a homeroom teacher who rolls up with the students each year until they graduate. This long-lasting interaction creates a unique bond and support system for students. To support students' social-emotional needs, Edgewood restructured the traditional school day to include "Power Hour" which expands the lunch period and increases student opportunities for success. Teachers offer tutoring and provide opportunities for make-up work, as well as create a time and space for extended learning activities.

Student Selection

Students must qualify to attend Edgewood based on grades and test scores. After qualifying, students are selected through a random lottery process. Students must maintain “on-grade level” academics to be considered for re-enrollment in the appropriate grade. “On-grade level” is defined as maintaining proficient EOC and FSA scores in mathematics and reading and maintaining C’s or better in each core class.

Faculty

The faculty is made up of 57 teachers and 3 administrators. The average teacher-student ratio is 25:1 in core high school courses and 22:1 in core middle school courses. Fifty-three percent of the Edgewood faculty hold a Master’s degree or higher. Twenty-three percent of the Edgewood faculty are gifted endorsed.

Grading and Ranking

Edgewood uses the following grading scale:

A=90%-100% B=80%-89% C=70%-79% D=60%-69% F=59% and less

Advanced Placement courses are weighted by one point if a student earns a grade of C or higher. Academic Dual Enrollment courses are weighted by one point if a student earns a grade of C or higher. Honors courses are weighted by .5 if a student earns a grade of C or higher. All credit classes are included in computing grade point average and class rank. Grades are recorded on the transcript, and class rank and grade point average are computed in January and May.

Curriculum

The academic curriculum encompasses a faster-paced learning environment, which prepares students for college level studies. Students can take Accelerated, Advanced Placement, Dual Enrollment, and Virtual School courses while working toward a Diploma of Distinction. This Diploma of Distinction requires additional high school credits and three consecutive years of a world language. Students are required to earn a minimum of 28 credits for graduation. This includes:

English	4 credits	Social Studies	4 credits	Career Research & Decision Making	.5 credit
Math	4 credits	Foreign Language	3 credits	Practical/Performing Arts	1 credit
Science	4 credits	Hope (Health/PE)	1 credit	Other Electives	5.5 credits
Communications Methodology, Science Research or AP Capstone (Senior Project)					1 credit

Edgewood students graduate with a Diploma of Distinction which requires the following:

- Earn 28 credits
- Accelerate at least once in middle school by taking and passing a high school course
- Accelerate at least twice in high school by taking and passing college level courses (AP or Dual Enrollment)
- Complete 3 years of a world language (all 3 years must be sequential)
- Complete 25 hours of service learning per year
- Qualify and apply for at least one scholarship
- Maintain a competitive career/college portfolio
- Complete a senior project
- Demonstrate leadership

Senior Leadership

Edgewood seniors are enrolled in either Communications Methodology (an honors level senior leadership course), Science Research or Advanced Placement Capstone Research. These “Senior Project” courses allow students the opportunity to develop research skills, practice public speaking, presentation development, research paper and thesis writing, as well as product creation. Community members partner with the school to judge the senior presentations providing students with a real-world connection between the academic and work worlds. The senior project is comprised of four main components including: scholarly research paper, product, portfolio, and professional Power Point presentation. Edgewood Jr. /Sr. High School is a nationally certified senior project school.

Dual Enrollment

Students may take college courses at Eastern Florida State College and Florida Institute of Technology as a part of their school day. The Class of 2022 had 1 student graduate high school with an AA degree from Eastern Florida State College.

Advanced Placement

Students may enroll in Advanced Placement (AP) courses based on teacher and College Board recommendations. Students may pursue the Advanced Placement International Diploma, which allows students to demonstrate outstanding academic achievement on AP exams across several disciplines. AP Capstone students are able to earn an AP Capstone Diploma or an AP Capstone Certificate. Over 80% of Edgewood's 9th-12th grade students are enrolled in one or more Advanced Placement courses. Edgewood offers 27 different AP courses from which students may choose. They include:

<i>Biology</i>	<i>Calculus AB</i>	<i>Calculus BC</i>	<i>Capstone Research</i>	<i>Capstone Seminar</i>
<i>Chemistry</i>	<i>Computer Science Principles</i>	<i>English Language</i>	<i>English Literature</i>	<i>Environmental Science</i>
<i>European History</i>	<i>Human Geography</i>	<i>Latin</i>	<i>Macroeconomics</i>	<i>Microeconomics</i>
<i>Music Theory</i>	<i>Physics 1</i>	<i>Physics C: Mechanics</i>	<i>Psychology</i>	<i>Spanish Language</i>
<i>Statistics</i>	<i>Studio Art: Drawing</i>	<i>Studio Art: 2-D</i>	<i>Studio Art: 3-D</i>	<i>U.S. Government</i>
<i>U.S. History</i>	<i>World History-Modern</i>
