Brevard Schools Superintendent Embarks on County-Wide Listening Tour to Plan for the Future of Our Schools

BREVARD COUNTY, FLA. – Brevard Public Schools today announced that Superintendent Mark Mullins will be holding town-hall style meetings across the Space Coast over the next month. At these “community conversations,” Mullins and school board members invite parents, school staff and other members of the community to share their thoughts and questions about issues facing our schools. Meeting dates and locations are as follows:

- April 15 - Titusville High School with District 1 representative Misty Belford
- April 29 – Eau Gallie High School with District 4 representative Matt Susin
- April 16 – Heritage High School with District 5 representative Katye Campbell
- May 6 – Satellite High School with District 3 representative Tina Descovich
- May 15 – Merritt Island High School with District 2 representative Cheryl McDougall

(All meetings will be held from 5:30-7:00 p.m. in each school’s auditorium.)

“Delivering a world-class education to our children requires listening to our community, acting on its feedback, and incorporating new ideas and fresh thinking,” said Dr. Mullins. “I welcome families to join us at their nearest meeting location and share their views with us. We want to hear from *you* as we develop our strategic plan for the next school year and beyond.”

Brevard Public Schools annually surveys parents, teachers and school staff to reveal trends in satisfaction with education quality, school leadership, and family engagement

in schools. Now, through this series of community conversations, Dr. Mullins hopes to dig deeper and hear directly from individuals.

For perspective, Dr. Mullins will begin each session with a brief progress report on Brevard Public Schools before fielding questions and comments from attendees.

Brevard Public Schools (BPS) is the 50th largest district in the U.S. and the 10th largest district in Florida. As the largest employer in Brevard County, BPS employs approximately 9,300 staff members serving over 73,000 students annually. With 83 schools, 10 special centers, and 12 charter schools, the district educates its students in 17 different municipalities across the Space Coast. Brevard Public School's goal is to serve our community and enhance students' lives by delivering the highest quality education in a culture of dedication, collaboration and learning.
