Welcome Back to School & Happy New Year!

I hope you and your families had a wonderful winter break! As we begin the second semester, I’d like to congratulate our students for their improved attendance. By working together, we have increased our average daily attendance from 93.57% to 94.55% and we have a decrease in the number of students who are chronically absent. This is great news as research clearly indicates that students who attend school regularly do better in school. Thank you for your part in ensuring that your child is at school every day and on time! #SchoolEveryDay

Please be reminded that any transportation changes must be made in writing and turned in to your child’s teacher and/or the front office. This includes when someone listed on your emergency contact list is coming to pick up your child. I understand that this may be inconvenient, however you child’s safety is my number one concern.

I am truly looking forward to the start of the second semester. Our students are amazing and I know great accomplishments are coming their way.

If you have any concerns, questions or recommendations for our school, please do not hesitate to contact me to schedule an appointment. I can be reached at 321-952-5990 or troisi.sherie@brevardschool.org.
