SCIENCE FAIR Project Information
Students in 4th through 6th grade have been working on their Science Fair Projects. Keep in mind, science fair projects do take time to complete. Project “testing” and “experimenting” must be completed at home. Students are encouraged to work with a parent/guardian for safety and project assistance. Students’ final completed projects are due to their classroom teachers on November 26th.

Save the Date!
Cambridge Elementary Magnet School invites families to join students and staff for our annual STEAM Night! WaWa subs will be provided to the first 200 people in the cafeteria.

Thursday, November 21st
5 pm — 6:30 pm

**Spotlight on Reading!**

**Engineers by Jarrett Lerner**

Beware of the Robots...they want your comestibles! Ken and his friends, a group who call themselves the Engineers, face off against the biggest problem they’ve ever faced...or created. With some surplus chopsticks, a timely news report, and some ingenuity, the Engineers face off against the robots in an epic battle to save their town, and possibly, the world.

**Parents**

Did you know that Cambridge participates in the BOX TOP for education program? Also, we are having a contest each month to see which class can bring in the most box tops! This is an easy way to help raise money for your children’s school without spending any extra money! Simply look for the box tops on products you already buy. Help your child cut them out, collect them, and turn them in to the class room teacher.

**Character Corner**

The pillar of focus for November is RESPONSIBILITY

**Definition**

The state or fact of having a duty to deal with something or of having control over someone. We can show responsibility by:

- Being accountable for one’s actions
- To know and follow various rules, laws, and conduct codes
- Treating others fairly
- Honor your commitments
- Be environmentally aware

“The price of greatness is responsibility.”
