Parents: A few helpful hints to help your students through their i Ready assigned Close reading lessons.

- Students in grades 2nd through 5th grade are receiving these lessons in ELA
- Students see these lessons only once
- Try not to complete this lesson in one day- spreading through 2 or 3 days is best
- In supporting your student(s) please remind them to use the yellow hint button (A)
- You can monitor your student’s progress by watching which part of the lesson they are in at the bottom of the screen. When they get to Read to Analyze (B) – they will need to reread the text. Then you can go through the questions together.
