

New Kid's website provides a kid-friendly digital library experience

Introduce your kids to Brevard County Libraries eLibrary for Kids

Cocoa, Florida – January 30, 2014 – Brevard County Libraries has expanded its services with a new digital collection website experience just for kids. The main digital collection, <http://brevard.lib.overdrive.com>, now has a separate site to provide a safe and easy browsing experience for kids.

Brevard County Libraries recognizes the need to provide a safe environment for kids to browse library materials. Just as the children's section of the physical library is sectioned off, the same experience is now available on the digital collection. This appealing and user-friendly page contains eBooks and audiobooks. Browsing can be done by subject, reading level or interest level. Check the collection out now, <http://brevard.lib.overdrive.com/kids>.

The eLibrary for Kids features popular series such as Big Nate, Fancy Nancy and Curious George as well as titles by Rick Riordan and J.K. Rowling.

The eLibrary for Kids site filters the overall digital collection to just show Juvenile content, which gets kids to the titles they want faster! This new service, powered by OverDrive, is free for users with a library card. Digital titles are available anytime/ anywhere and expire automatically, so no need to worry about late fees.

About OverDrive

OverDrive is a leading multichannel digital distributor of eBooks, digital audiobooks, music and video. We supply a secure lending platform for 22,000 libraries, schools and retailers worldwide with support for all major computers and devices, including iPhone®, iPad®, Nook®, Android™ phones and tablets, and Kindle® (U.S. only).
