Install ClassLink LaunchPad App on iOS Devices

1.	Open the **App Store** on your iOS device (e.g. iPhones, iPads).	
2.	Touch **Search** on the bottom of the screen.	
3.	In the **Search Window** at the top of the screen, type "*classlink launchpad*."	
4.	Touch **Get** to install the app. **Note**: ● Be sure the app looks like the image to the right. There is an old BPS Launchpad app that will NOT work correctly. Directions for removing that app if you have it are included below. ● You might be required to sign into your iTunes account if you have not stored your password on your device.	
Remove the Old BPS LaunchPad App from iOS Devices

If you previously added the old BPS Launchpad app, find it on your iOS device. Touch the app and hold until the menu to the right appears. Touch **Delete App**. Confirm that you would like to delete the app on the pop-up window by touching **Delete**.
