

Brevard Public Schools
Office of Title I
2020-2021 Parent and Family Engagement Plan (PFEP)

Each Title I school shall jointly develop with parents and family members of participating children, a written plan that shall describe how the school will carry out the requirements mentioned below. Parents shall be notified of the plan in an understandable and uniform format and, to the extent practical, provided in a language the parents can understand. The school plan must be made available to the local community and updated and agreed upon by parents periodically to meet the changing needs of parents and the school.

All families and community members were invited and encouraged to provide input and suggestions on developing/reviewing this plan. This plan is available on our school website and in the Title I parent and family engagement notebook located in our front office. If you would like a printed copy of this document, or require translation, please contact our Title I Contact (Michelle Lang and Jamie Russell)

Se invitó y alentó a todas las familias y miembros de la comunidad a proporcionar aportes y sugerencias sobre el desarrollo / revisión de este plan. Este plan está disponible en el sitio web de nuestra escuela y en el cuaderno de participación de padres y familias del Título I ubicado en nuestra oficina principal. Si desea una copia impresa de este documento o necesita una traducción, comuníquese con nuestro contacto de Título I (Michelle Lang and Jamie Russell)

School's vision for engaging families:

Assurances

- We will:**
- Involve an adequate representation of parents, or establish a parent advisory board to represent families, in developing and evaluating the "School Parent and Family Engagement Plan" that describes how the school will carry out its required family engagement activities.
 - Hold an annual meeting for families to explain the Title I program and the rights of parents to be involved. Offer other meetings/workshops at flexible times.
 - Use a portion of Title I funds to support parent and family engagement and involve parents in deciding how these funds are to be used.
 - Involve parents in the planning, review, and improvement of the Title I program.
 - Develop a school-parent compact that outlines how parents, students, and school staff will share the responsibility for improving student achievement, and describes how parents and teachers will communicate.
 - Offer assistance to parents in understanding the education system and the state standards, and how to support their children's achievement.
 - Provide materials and training to help parents support their child's learning at home.
 - Provide staff development to educate teachers and other school staff, including school leaders, on how to engage families effectively.
 - Coordinate with other federal and state programs, including preschool programs.
 - Provide information in a format and language parents can understand, and offer information in other languages as feasible.
 - Include the School and District Parent and Family Engagement Plans on our school website and in the Parent Engagement Notebook in the front office.

**All Title I schools are required to hold at least one face-to-face conference in which the compact is discussed with families.*

2. Hold an annual meeting for families to explain the Title I program and the rights of parents and families to be involved.

Tentative date & time(s) of meeting	September 14, 2020, 5:30 Via Zoom Link
How are families notified of the meeting?	A flyer specifically advertising the Annual meeting was sent home with the link included. The date and time were also listed in the important dates on the August Newsletter. We also posted a reminder to Facebook with the link as well.
What information is provided at the meeting?	The Office of Title I provides each school with a Power Point Presentation and feedback form that incorporates information on: The Title I Program, Use of Funds Overview, Curriculum and Assessment Information, Parent and Family Engagement Plan, Compact, Ways Parents Can Be Involved. Schools may personalize the Power Point by elaborating on how their Title I funds are used to increase student achievement and promote parent and family engagement, ways parents can be involved at their school, how to access staff, school grade information, parent survey results and information on the school's curriculum.
How are parents and families informed of their rights?	Brevard Public Schools Office of Title I provides all Title I schools with a brochure informing parents of their rights. This brochure is sent home with all students via backpack. Schools are also required to have a copy of the "Parents Right To Know" letter in a parent and family engagement notebook kept in the front office. The district Title I office monitors and keeps documentation of this on file.
What barriers will you address to encourage parents/families to attend?	We offer the meeting in the evening, which we have found to be the most convenient time according to survey results. We also elaborate on what the annual meeting is about in our flyers, so parents are aware of just what it is. Even though we have a very small ELL population, but we offer translation to all parents.
How will you get feedback from parents and families about the meeting?	Due to Covid 19 and the need to have our meeting virtually, we sent exit slips/surveys to parents who attended.
How do parents and families who are not able to attend receive information from the meeting?	We post the power point on the school website so that parents and community members who cannot attend still have access to what was shared at our Annual Meeting. We publish a notification in the newsletter that it is available on the Title I webpage.

Identify partnerships that coordinate & integrate Title I and local/federal funds to provide opportunities that encourage and support parents and families in more fully participating in the education of their children and/or to help support learning at home.

Title II- Professional Development	At Pinewood each year we have a professional development devoted specially to increasing our capacity for engaging parents. Our teachers and staff are trained to maximize parent involvement in their classroom. They are also trained in recognizing common barriers that hinder our population from full participation.
Title III-ESOL	At Pinewood we identify our ELL population at the beginning of the year and with the use of Title I funds, we are sure to offer translations of documents in the languages that are identified at our school. We personally reach out to our ELL families to see if they need translation. Title I is prepared to translate any document into a foreign language and we offer translation services on communication that goes home.
Title IV-Well-Rounded Education/School Safety/Educational Technology	We utilize Title I funds to support technology at Pinewood. A large majority of the student computers at Pinewood have been purchased with Title I funds. Children use them every day but we also utilize them during different parent events to sign parents up for Focus, share a large variety of resources online that are available to parents, and parents are able to use them while they are here at parent nights.
Title IX-Homeless	We partner with Homeless students to offer free tutoring through the Students in Transition program. We also offer many resources to students identified as being in transition.
FDLRS/ESE services	Our ESE program goes hand in hand with our Title I programs. Our MTSS process is supported by Title I, therefore supporting ESE. All Title I at home resources are available to ESE students to use at home.
Preschool Programs (Head Start/VPK)	The Title I program supports our VPK program by offering the same communication to VPK students that the rest of the school receives. We also ensure and support a seamless transition to Kindergarten with our Title I program.
SAC	School Advisory Council and Title I programs work together as the first line of communication between school and family/community. Many things go before SAC before they are publicized/requested of the rest of our Parents and community. SAC is used as a sounding board for our Title I program.
PTO/PTA	N/A
Community Agencies/Business Partners	We utilize community agencies and business partners in many ways through Title I. Many of our parent nights(pre and post Covid) are accompanied with Kona Ice who donate a portion of the profits to our school. We have used numerous businesses and faith based organizations to fund/support parent nights. We often reach out to these organizations or businesses when a need arises in our Title I program. It is a partnership that serves our parents and families well.

3. Utilize strategies to ensure meaningful communication and accessibility.

Describe the methods that will be used to ensure meaningful, ongoing communication between home, school and community.	At Pinewood, we pride ourselves in having multiple and varied forms of frequent communication. Regular communication outlets include monthly paper newsletter, paper flyers for specific events, very frequent Facebook updates (generally daily), Synervoice phone calls and texts, Dojo used in many classrooms, Focus updates, and an up-to-date website.
Describe how you notify each family in a timely manner when their child has been assigned, or has been taught for four or more consecutive weeks, by a teacher who is out of field.	Letters are sent home with every student that has been taught for four or more consecutive weeks by a teacher who is out of field. A copy of the letter and a list of the parents who receive the letter is kept on file as documentation for auditing purposes.

2020-2021 Parent and Family Engagement Plan (PFEP)**

Explain how families are provided information regarding the curriculum, achievement levels, progress monitoring and assessments.	Families are given information on curriculum at parent nights(currently virtual) where they visit the classroom specifically to learn about a subject area and what they can do at home to help in that subject area. Focus online portal is used so parents have up-to-date information on their child’s progress. State Assessments are disseminated as quickly as possible with an explanation of scores as well as an opportunity to receive additional support.
Describe how your school provides information to families in their native language. What languages do you provide?	Title I runs a report at the beginning of the year so we know what languages are spoken by our parents and families. We then offer translations in all the languages that are on the report. We have some documents that are translated into common languages such as Spanish, but we are prepared to translate any document into any language should a need arise. We offer this service on information that is sent home.
How are the needs of families with disabilities accommodated to ensure they have access to meetings, workshops, and/or events?	We have a variety of ways to help parents and families with disabilities. In addition to adhering to all accommodations required by law, they include custom formatted information, hearing assistance when at an event at our school, and home visits when necessary.
Describe the opportunities families have to participate in their child’s education.	We have many opportunities for families to participate in their child’s education. Pinewood offers curriculum nights where academic content is covered and presented in a family friendly way, we have a Title I resource room that is available to all parents and families, we encourage the utilization of Focus (Grade Portal) at many Title I events, and our Title I staff and teachers have many volunteer opportunities (post Covid 19 modifications) for parents as well.
Describe how your school shares the PFEP, SWP, CNA and other Title I documents with community members.	We post all these documents to our website and there are also paper copies located in the Parent Binder in the front office. We notify parents that these documents are available by newsletter and social media.

4. Educate and build the capacity of school staff (administration, teachers, instructional assistants, custodial, front office, etc) on ways in which to work with and engage families effectively as well as the importance of parent and family engagement in increasing student achievement. Explain your plan for this school year.

How will workshops/events for families be evaluated to determine return on investment?	Workshops and events will be evaluated in several ways. Attendance (Currently virtual due to Covid 19) will be our first and most obvious evaluation. We will offer exit slips/surveys at all parent events with questions specifically written to gather input so we can improve the event. We will also gather input from the teachers and staff that hold the event, specifically if they feel parents were engaged and are likely to use what they learned, also if they think they would attend again.
How will the needs of families be assessed to plan future events?	Exit slips will be the main way we plan for the needs of families. We will also use teacher feedback. We will use general surveys about Parent Involvement to plan future events.
What are the barriers for parents and families to attend workshops/events and how do you overcome these? (transportation, translation, etc)	We feel the barrier that is most often mentioned at Pinewood is time. One way we overcome this barrier is to offer different times. Some of our events are in the morning, while some are in the evening, and some are offered at multiple times. We also try to offer information that was given at events online afterwards when appropriate. Transportation has proven to be a barrier for some, and we are able to offer donated gas cards when appropriate.
How are flexible dates and times for meetings, events and/or workshops offered? (Give examples)	Many of parent involvement events are offered at flexible times. The Focus training was all day from 8:30 am to 6:30 pm. Our Kindergarten Orientation is offered on two different days and two different times. Our Understanding FSA Scoring event will be in the morning and will have an evening option if needed. We offer our parent and student meetings in the evening so that parents can participate with their children.

How do families who are unable to attend building capacity events receive information from the meetings?	When it is appropriate, we post the information online. We also send home resources that were given out with those that didn't attend when possible.
What strategies were used to increase family and community engagement in decision-making?	Giving multiple opportunities with multiple approaches were our main strategies. We offered paper surveys and digital surveys, and both multiple times. Some are given in person at the school (when able) and some were sent home with students. We also accept feedback on decision making at any time, there are no deadlines given. Opportunities to provide feedback are anonymous, in hopes of getting honest opinions. SAC is an important part of decision making at Pinewood and we remind parents and families multiple times a year that you do not have to be a member to attend, that everyone is welcome.
