

*Dear Suntree Families,*

*Welcome to April! Even though we are beginning the last quarter of our school year, we still have plenty of work to do! First and foremost, it's time for our students to complete the Florida Assessment of Student Thinking testing. "This assessment system measures students' achievement of Florida's education standards, which were developed and implemented to ensure that all students graduate from high school ready for success in college, career, and life. Assessment supports instruction and student learning, and test results help Florida's educational leadership and stakeholders determine whether the goals of the education system are being met."*

*Below is the testing schedule for April and May. Please make sure your child attends school every day, arrives on time, and stays in class all day. It is imperative on testing days that your child receives plenty of rest and eats a nutritious breakfast. Remember, it's always important to encourage your child to do his/her best work; and when something is difficult, success is achieved by working hard and not giving up.*

*Sincerely,*

*Dr. Shari Tressler,*  
*Principal*
