

Dear AP families:

This spring, Titusville High School AP testing will, for the most part, take place at the Ashkelon building (1651 S Park Avenue) located on Park Avenue, just north of Harrison. We are doing this for three reasons: 1) to provide a quieter, more student friendly testing environment, 2) to prevent overlaps with End of Course testing, and 3) to share resources with Astronaut High, who will be sharing the space with us.

During the test, students get a break. During this break we would like them to be able to have a snack. **We are asking parents to help by sending in a healthy snack to share.** Please send it in no later than May 3rd. Please label the snacks with the test name. We will transport all snacks to the testing site.

Students will need to provide transportation to and from the site on their testing days.

The testing schedule is as follows:
