

Challenger 7 Elementary School

6135 Rena Drive
Cocoa, FL 32927

Dear Parents:

We have been notified of a case of head lice in your child's grade level. In order to prevent the spread of head lice, please see the head lice brochure on our school webpage www.brevardschools.org/Challenger7ES, paper copies are available in the front office. In addition, please carefully check your child's head, especially behind the ears and at the nape of the neck, crawling lice and nits if your child exhibits symptoms of a head lice infestation (source: <https://www.cdc.gov/parasites/lice/head/parents.html>) prior to sending him/her to school. Should lice be found, child must be treated prior to sending or returning to school.

You can assist with controlling the spread of head lice by reminding your children about not sharing combs, brushes, hair barrettes, and clothing such as hats, and for children to avoid head-to-head contact. In addition, parents can assist in preventing the spread of head lice by checking their child's hair part of a normal hygiene routine.

If you have any questions, please do not hesitate to contact the school at (312) 636-5801.

Thank you,

Ms. Magali Rassel
Principal
