July 1, 2019

MEMORANDUM

TO: All BPS School Administrators

FROM: Pamela Aulakh - Manager, Instructional Technology 

RE: FOCUS Parent App

The BPS FOCUS mobile app will be live and available to download from the iOS or Android store beginning August 1, 2019. A summary of what schools need to know about the app is listed below.

- Printed flyers with the app information will be sent to schools at the end of July-schools will receive enough flyers for each family
- Flyers are to be distributed to parents during registration or orientation -a digital copy of the parent flyer is attached for your reference
- School Administrators can download the app to a mobile device for convenient on-the-go access to view student progress in FOCUS
- Teachers cannot use the app to enter in grades – it is limited view only
- Parents with existing FOCUS accounts will log in with their current FOCUS username and password – FOCUS accounts roll over from year to year
- Parents without existing FOCUS accounts will need to create an account – this can be done right from the app as long as the parent has their PIN letter
- Schools are encouraged to provide parents with opportunities on campus to register for an account and receive assistance if needed - our parent FOCUS FAQ and app instructions can be found on our parent FOCUS website at <https://tinyurl.com/gradebookBPS>

In addition to the flyers mentioned above, schools will receive two 11x17 color posters to display on campus throughout the year.

Please contact Pam Aulakh at Aulakh.Pamela@Brevardschools.org with any questions.
