How can the Sabal Learning Compact be used at home? The compact is an agreement between parents, students, and teachers including what each partner is expected to do in the quest to achieve academic success. Parents can utilize this document to remind their students about the responsibility they agreed to in regards to their academic performance when completing homework, school projects, or setting academic goals. Referring to this document on a regular basis can help parents keep their child's academic progress and focus on track. If you need another copy of our compact please let your child's teacher know.
