SAC Agenda for 10-25-22 – Room 607 Meeting 3:00

Discussed compact, what it is for, took the most important parts out to be voted on (reduced from six pages)

Last year, 359, 268.00 from federal government (TIPA) from free-reduced lunch, new amount: 44,000 more, new amount: 411, 000.00

Last year, Title 1 ordered 8 prometean boards, comes with cart, brackets, and doc cam (modern classrooms, 8000 per classroom). They came in and wired and set up 12 classrooms. The company we ordered from last year did not have any, so we lost the money. We think we got 40,000 more from what was taken last year. We are now trying to get 8 classrooms ready to go and we do our best to get as many other classrooms as possible with prometean boards. We should have 40% of this money spent by Monday. Mrs. Marshall bought more headphones. They are \$12.00 each. Just put in the order. We are also waiting to see if we are ready to order prometean boards. Everything we do, we share. This is why the amount on the site does not match this year’s amount. The money cannot be used in the summer, must be used that year.

Engagement plan	Mrs. Marshall	10 Minutes
<b>7. Next Meeting Confirmation / Adjournment</b>	Mrs. Marshall	1 Minutes

SAC Agenda for 10-25-22 – Room 607 Meeting 3:00

### **Chairman Notes:**

- School Year SAC meeting dates: Nov.29, Dec.13, Jan.31, Feb.28, Mar.28, Apr.25, May 16

After the power point no members had questions about the milage.

The questions that were posed were about the modern classrooms and when they were projected to be done. Which grade levels were getting them and when we thought the whole school would have them. Answers: At this time, we don't know when we will receive the 8 for the already prepared classroom. The various grade levels getting them are in 4<sup>th</sup> 5<sup>th</sup>, 6<sup>th</sup>, and both of our ESE classrooms. We would hope to have the whole school in the next few years.
