

Hello THS Terrier!

The math section of the PERT can be used in place of a passing score on ALG 1 EOC. The passing score needed on PERT is a 97. The math section is 30 questions and is untimed. PERT is offered to all students who entered High School prior to the 2018-2019 school year.

Below you will find some resources to help prepare for the PERT math. Good Luck!

- Three PERT practice quizzes 29 questions long. Gives immediate feedback after each question and a link to a YouTube video that explains the question.

[http://perttest.webstarts.com/pert\\_quiz\\_1.html](http://perttest.webstarts.com/pert_quiz_1.html)

- This link gives you immediate feedback after each question. You also have the option of creating a profile.

<https://uniontestprep.com/pert/practice-test/math/pages/1>

- This link is from the same people who make the PERT and has the exact format and calculator for the test. It is 5 questions long.

<https://college.measuresuccess.com/mscollege/practiceTest2/math/question1.html>

- This link has the same style of question and is 15 questions long. It gives you immediate feedback.

<http://www.mometrix.com/academy/pert-math-practice-test/>

- This link is a 29 question nearly full-length test, that is fairly accurate.

<http://www.proprofs.com/quiz-school/story.php?title=pert-practice-test>

- This link has a sample test as well as video lessons.
