

Sea Park Stars Bulletin

January 18, 2022

Principal News

Our school is continuing to grow, we are now at a total enrollment of 316! Just a shout out to Mr. Bryan for his fantastic work on our grounds. I came in over the weekend and saw the sprinklers working on the garden. No wonder why they are growing so well. It is appreciated all that you do for our school.

If you are wanting to get involved at school, please contact your child's homeroom teacher after you become a registered volunteer. There are so many ways to help our teachers if you have the time. Our PTO is always looking for more help for events they have that support the classroom teachers. Follow this link to become a volunteer.

School Fundraiser

Texas Roadhouse

Chorus

Students who are in grades 4-6 who love to sing are invited to join the Sea Park Chorus. Space is limited to the first 25 students and rehearsals will be held in the music room every Tuesday from 2:35-3:25 PM beginning February 1st. Please see Mr. Knill for more details and registration forms.

Covid-19 Information

I have included the flow chart for parents regarding the protocols for their students who are exposed to Covid-19 or who have symptoms.

<https://www.brevardschools.org/COVID-19>

Parent Conferences

Report Cards went home on January 13th and Parent Conferences will be held on January 25th. If your child's teacher did not indicate a conference needed and you would like to have one, please reach out to her to set up an appointment. I have included some websites and information that might be helpful in each content area.

Grade Level Expectations

Here is what your child is expected to learn by grade level. There are also ideas for parents to help your child at home. One of the most important activities that you can do with your child is read aloud daily with your child using a variety of texts.

<https://www.brevardschools.org/Page/18513>

Penda Science

This is a program that students can work on from home to enrich their scientific knowledge. Students can access this site from the BPS Launchpad.

Social Studies Tips

Parents can help their children at home by studying maps and their features. Learn and explore the United States (location, capital, landmarks, and climate). Talk to your child about our local government and its functions and discuss current events.

MTSS

MTSS stands for Multi-Tiered System of Support. This is the process for addressing and intervening when a child scores below grade level. Students who are marked below grade level are working with a teacher in small group to address any deficits. Please click on this link to access the parent video informing them about how a Multi-Tiered System of Supports helps students.
