See Exhibit C for additional CCCs available for dual enrollment.

Dual enrollment students with **GPA 2.5-2.99** may only take CCC DE courses in one CCC and must complete that group of courses before they may take any other DE courses.

Dual enrollment students with a high school GPA that drops below a 3.0 and chooses to start a CCC may not return to AA courses until the CCC is completed. This is true, even if the GPA returns to 3.0 or above.

Students entering a CCC with a GPA below 3.0 and/or lacking college ready scores may not change their CCC until it is completed. Once students meet the qualifications to enter into an AA degree program, they may ~~also~~ enroll in AA courses while continuing the CCC. **CCC completion is mandatory.**

BPS: Please consult Career & Technical Dual Enrollment Program Completion Matrix for complete course requirements for AS degrees and CCC's. BPS EDLINE: CTE, Accelerated Programs
