FREEDOM 7 APT COMMUNITY

A Message To Our Families and Supporters

About Our Shade Project

We've been given a rare opportunity. The school district has agreed to build a permanent shade structure on our campus! They are also willing to match our funds (up to \$125K)—but we must move quickly. The final size of the shade will depend on you!

**With Your Help
We Can Reach Our Goal Of**

\$75,000 by March 1

If we do not raise all of the funds needed, our students would have to settle for less than they deserve and would only get 1 or 2 of our three basketball courts covered. All three courts need to be covered to fit the entire student body and give all our kids the needed reprieve from the hot Florida sun.

Construction would begin this March with a slated completion in August 2023 - just in time for next school year!

Benefits Of This Investment

School-Wide Assemblies

Safely gather (even in cold/flu season) for special assemblies with plenty of fresh air to go around.

Outdoor Classroom Space

Shaded, open-air space for classroom and/or grade-level collaborative activities and learning!

PE & Wellness Activities

Students can stay active AND cool with exercise and games enjoyed on a shaded blacktop.

Special Events/Gatherings

Reimagine Global Day of Play, International Fest & Patriot Day shaded from the sun's harmful rays.
