February Character Trait: KINDNESS

Being on time is vital for success in a student's life and is not only a matter of formality. It fosters academic success, self-discipline, time management abilities, and the personal development of students. Students that embrace punctuality form habits that will benefit them in the future. If children are to fully benefit from the many learning opportunities, regular school attendance is vital. A student who is 10 minutes late every day will miss 30 hours of instruction during the year, a significant loss in teachable moments that you can't get back.

Parking Lot Safety During Arrival

For safety reasons, students should never walk unsupervised in our parking areas. During arrival, if you are parking to drop off your child, please walk them to the cross walk and wait with them until a staff member safely brings them across the car loop. Student safety is our utmost priority, and it is unsafe for students to walk behind/between cars unsupervised.

Thank you for your cooperation!
