

## **Curriculum**

BPS is getting ready for our Math adoption that would be aligned with the new B.E.S.T. standards. We would like to provide all stakeholders, including parents and community members the opportunity to give their input about what they want in a new math curriculum. We have prepared a short survey to gather this information. Please take a few minutes to complete this short survey and provide your input.

### **YEARBOOKS**

If you ordered a school yearbook, please see Ms. Givens to pick up your yearbook. Copies are available for purchase while supplies are available.

### **End of the Year Information**

- Please be sure you return all library books
- Registration packets have been sent home. Please return your completed packets as soon as possible. Completed packets allow us to better plan for the upcoming school year.
- Elearners will receive information in the coming weeks with directions for returning devices and other school materials
- 6th grade End of the Year events have been shared with families. Please contact 6th grade teachers with any questions.
