## Demographics

**Principal: Eric Fleming T**

Start Date for this Principal: 8/1/2006

<b>2019-20 Status</b> (per MSID File)	Active
<b>School Type and Grades Served</b> (per MSID File)	High School 7-12
<b>Primary Service Type</b> (per MSID File)	K-12 General Education
<b>2018-19 Title I School</b>	No
<b>2018-19 Economically Disadvantaged (FRL) Rate</b> (as reported on Survey 3)	12%
<b>2018-19 ESSA Subgroups Represented</b> (subgroups with 10 or more students) (subgroups in orange are below the federal threshold)	
<b>School Grades History</b>	2018-19: A (91%) 2017-18: A (91%) 2016-17: A (92%) 2015-16: A (91%)
<b>2019-20 School Improvement (SI) Information*</b>	
<b>SI Region</b>	Northeast
<b>Regional Executive Director</b>	<a href="#">Dustin Sims</a>
<b>Turnaround Option/Cycle</b>	
<b>Year</b>	
<b>Support Tier</b>	NOT IN DA
<b>ESSA Status</b>	
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, <a href="#">click here</a> .	

## School Board Approval

This plan is pending approval by the Brevard County School Board.

## **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## **Purpose and Outline of the SIP**

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

## Part I: School Information

### School Mission and Vision

#### Provide the school's mission statement

West Shore Junior/Senior High School, a center for excellence, creates a nurturing secondary learning environment (grades 7-12) that provides students with unique experiences for intellectual development, academic achievement, and preparation for life's work.

#### Provide the school's vision statement

Excellence Achieved

### School Leadership Team

#### Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Fleming, Rick	Principal	
Orton, Susan	Teacher, K-12	
Franco, Amy	Instructional Media	

### Demographic Information

#### Principal start date

Tuesday 8/1/2006, Eric Fleming T

**Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective.** *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

**Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective.** *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

#### Total number of teacher positions allocated to the school

59

## Analysis

### **Data Reflection**

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

#### **Which data component showed the lowest performance? Explain the contributing factor(s) to last year’s low performance and discuss any trends**

Although West Shore Jr/Sr High School remains among the highest performing schools in the district and state with regard to assessment results, we do focus on areas that we see trend data declines. Our most recent review of scores shows a decline of 2% within our overall 2019 ELA Learning Gains from 75% of students scoring at Level 3 and above to 73% of students scoring at Level 3 and above. This data also negatively correlated with our ELA students in the Lowest 25% in regards to Learning Gains and reflects the absence of a key ELA teacher on leave for the entire 2018-2019 school year. While we had a certified ELA Teacher in that particular classroom, the continuity of instruction and degree of expertise were missing. This was reflected in student scores and grades. As a result of COVID we do not have 2019-2020 data and will focus on known deficiencies identified from 2018-2019.

#### **Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline**

During a comprehensive review of our 2018-2019 assessment data, West Shore saw a 6 point drop on ELA Learning Gains for our Lowest 25% from 82% of students scoring at Level 3 and above down to 77% of students scoring at Level 3 and above . A contributing factor to this drop was a key teacher in our English Department who was out on medical leave last year and her absence disrupted some continuity in instruction for some of our students. The drop does not appear to be part of an ongoing downward trend with regard to ELA assessment results. Due to COVID we were not able to fully implement key improvement strategies. 2020-2021 Reading Plus data will be used as a diagnostic tool to assess needed gaps and focus points.

#### **Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends**

West Shore remains well above the district/state and in other cases national averages in ELA, Math, Science, Social Studies (Civics), SAT, ACT, AP Scores, and PSAT.

#### **Which data component showed the most improvement? What new actions did your school take in this area?**

2019 Mathematics students in the Lowest 25% had Learning Gains that showed a 10 point improvement from 75% of students scoring at Level 3 and above to 85% of students scoring at Level 3 and above. We shifted some teaching assignments around to

maximize some expertise in math scaffolding. Our math department uses interactive notebooks for several math subjects and this delivery variation seemed to have developed more math confidence in some of our lower performing students. COVID shutdown did not allow for 2020 assessment therefore will continue with aforementioned practice in preparation for 2020/2021 assessments.

**Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?**

It appears from review of the ESSA data that our Students With Disabilities had 80% of students scoring at Level 3 and above on the 2019 FSA compared to all other groups which scored at 90% at Level 3 and above.

**Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year**

1. Improve ELA Lowest 25% Learning Gains scoring Level 3 or above from 2019.
2. Meet or exceed Assessment thresholds in ELA, Math, SS, Science, SAT, AP, PSAT, ACT.
3. Meet or exceed our 1006 point overall School Grade Accountability score from 2019.

## Part III: Planning for Improvement

### Areas of Focus:

**#1. Instructional Practice specifically relating to ELA**

**Area of Focus Description and Rationale:** During a comprehensive review of our 2018-2019 assessment data, West Shore saw a 6 point drop on ELA Learning Gains for our Lowest 25% from 82% down to 77%. A contributing factor to this drop was a key teacher in our English Department was on medical leave last year and her absence disrupted some continuity in instruction for some of our students. The drop does not appear to be part of an ongoing downward trend with regard to ELA assessment results. .

**Measureable Outcome:** West Shore Jr/Sr High school will increase our ELA Lowest 25% students scores from 77% of students scoring at Level 3 and above on the 2019 FSA to 80% of students scoring at Level 3 and above on the 2020 FSA ELA test. We will measure Fall administration due to COVID shutdown from Spring 2020.

**Person responsible for monitoring outcome:** Rick Fleming (fleming.rick@brevardschools.org)

**Evidence-based Strategy:** Under the CRISS (CReating Independence Through Student Owned Strategies) umbrella we decided to focus on Webb's Depth of Knowledge and higher order questioning during our 2019 SIP cycle. While we were pleased with some growth in the area of having students interpret complex text, we wanted to go a step further in 2020 by using the Instructional Practice Guide (IPG) as a mechanism to track complex text at the center of teachers' lessons. COVID19 cut short our effort therefore we will re-calibrate our work in this area for 2020-2021.

**Rationale for Evidence-based Strategy:** After a brief overview of using the Instructional Practice Guide (IPG) to observe classrooms from district leadership during summer training, we decided that we would employ this strategy with our walk-throughs for the 2020 School Year. In order to calibrate our leadership team in using the instrument we sought help from our district resource teacher, Nancy Gray, who trained and accompanied our leadership team on our walk-throughs in September 2019. Starting out small this year, our main focus is to tally our IPG's using Core Action 1 of the model. If through Core Action 1 observation we determine that text is at the center of the lesson then the next step is to determine if the text is grade level appropriate or complex enough. Of the 20 classrooms observed, it was determined that 12 had some form of text at the center of the lesson. Due to COVID19 cutting this effort short for 2020 we have recommitted our work in this area and will continue to have this as a focus.

**Action Steps to Implement**

1. Read and Review Instructional Practice Guide - Core Action 1
2. Review and provide overview to teachers on the Instructional Practice Guide
3. Set up Training with ELA Resource Teacher for West Shore Administrative Team
4. Calibrate using walk-through data gathered
5. Provide feedback/discussion opportunity with teachers
6. Review IPG Literature with teachers for 2020-2021

**Person Responsible** Rick Fleming (fleming.rick@brevardschools.org)

**Additional Schoolwide Improvement Priorities**

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

**Part IV: Positive Culture & Environment**

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

West Shore Jr/Sr High School uses a variety of techniques to gauge our school positivity culture from all stakeholders. Obvious constraints due to COVID19 has put more challenges in front of us to accomplish this task. Using Parent Surveys, West Shore identifies key pattern areas identified by parents to assist us in planning for continuous improvement. For our student body, we conduct a "student voice" activity in order to solicit valuable feedback from our students in identifying areas that are important to them and how we can bridge the gap with current practice. Finally, we make effective use of the TNTP Insight Survey completed by staff in order to get their perspectives and perceptions on leadership within the school. Each of these survey mechanisms provide an enormous amount of valuable data used to steer continuous improvement in our school culture.

**Parent Family and Engagement Plan (PFEP) Link**

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

**Part V: Budget**

<b>1</b>	<b>III.A.</b>	<b>Areas of Focus: Instructional Practice: ELA</b>	<b>\$0.00</b>
<b>Total:</b>			<b>\$0.00</b>
